

Conference Report Day #2  
Tuesday, September 18, 2007  
Mission to Kenya, Africa  
Second Day of Conference in AM at Naitiri, Nazareth

Report: Fredrick.

Today the conference began with testimonies from the disciples who were commissioned yesterday to go and pass over whatever they had received during the first day conference, after being taught on prayer ministry concerning healings.

It was very much encouraging to hear how the Lord can use the willing vessels for His own glory, when these dear people humbled themselves and each sought a person to pray for, the results were tremendously encouraging, and they saw God heal even the bedridden for many days, they were able to walk and even resume their daily activities.

Today's teaching by Pastor Tony was on deliverance, we were taught on how to understand our authority in Christ Jesus and who we are in Him.

Later he made demonstration using Nathan, the message was beautifully driven home, some of the pastors and leaders truly repented for having used unbiblical methods to carryout God's Word. It's all about ignorance for some of the methods used within the Pentecostal circle, handed over to us by those who preceded us.

Each person was allowed to pray for the person seated next to him or her, and if there is anything that the person needs to be prayed for. The power of God was present everyone was involved, a lady came in the meeting for the purpose of enticing the congregation to vote for her husband who is an aspirant to the parliamentary seat within the constituency, had time to sit through the teachings during prayer time she ask Rev.Enock Okonji and I to pray for her on behalf of husband when we laid hands on her the power of God

came heavily on her she got slain and the spirit of laughter and joy came on her she began to laugh, she even forgot about the business that brought her.

Vee:

This morning a woman came to give her testimony and I recognized her. I had prayed for her the day before and she received healing, then asked me to come to her house to pray for her son as she was excited having been healed herself, but I reaffirmed to her what Tony had just preached about which informed them that they being saved also had the authority in Jesus to lay hands and see healing. She had come forward today to testify that she had gone home to pray for her son who had fever for three weeks and now the child was healed. Praise the Lord!

#### THE TEAM'S REPORT OF SOME TESTIMONIES THAT WERE GIVEN TODAY OF PEOPLE THAT RECEIVED IMPARTATION PRAYER AT THE FIRST DAY CONFERENCE:

- “Yesterday I went out because I got the power of the Lord in me from the team’s prayer. I went looking for sick people and didn’t find any until this morning. This morning I found some very sick people, that couldn’t leave their homes, and got them healed and they are here with me.” The people stood up and praised the Lord!
- “Yesterday I received impartation prayer and was sent by Holy Spirit to pray for people. I prayed for a leper child at the crusade last night. **I saw with my own eyes her leprous skin change to perfect normal and all the disfiguring left her.** It was awesome! I saw this miracle with my own eyes!”
- “I am happy this morning. I want to thank God because of yesterday. When I went from this place I went straight to pray for a demon possessed lady for many years and I invited

her to the conference and she promised to come to the conference today”

- “I was being tormented by a witch doctor. The witch doctor was tormented me day and night. Yesterday as I was prayed for and hands were laid on, I went back home and I felt on the inside that I should go outside the house. The witch doctor was there and I said what are you doing here. He said, I want you to accompany me to the funeral tomorrow. So I told him to go back home because I knew that he was trying to deceive me from coming here. I now know I have authority over these witch doctors and they will be saved.”
- I was called by the power of God that I may serve Him. In this place it has happened. I have a sick daughter. I went everywhere looking for healing and Jesus told me that these others could do nothing, except Him. I put my trust in Jesus. I now know that the faces of the team are the faces Jesus showed me that He would send to bring my daughters healing. My daughter spoke for the first time in the last 5 years since she was afflicted by the devil and she said that from this time she would serve the Lord. The prayer she got this time was very different then any other prayer she has ever gotten, and there have been many. **God has healed my daughter totally today. Before the team prayed for her, she couldn't stand or use her hands.** I am used to giving her baths because she could not use her arms, but now she can fully extend her arms. Look at her, look at her, she can now stand straight and use her hands normally. I praise the Lord!” When you are in Jesus Christ He will use you, my hand praises the Lord! All of you, praise the Lord with me!”
- “As I was at the crusade last night, I saw the wonders of God! I saw one lady at the meeting that was being touched by God, but wouldn't go forward. When Pastor Tony motto came up to preach, the Spirit of the Lord came mightily upon this lady and she began to weep wildly. I told mamma to go forward and get prayed for and she did. She was restored

back to the Lord and she sobbed and she felt God had mightily delivered her!”

- “I am a pastor. Yesterday I was here. When they called for people to be prayed for, I got powerful prayer and went back home. I met with a lady that had a problem. She went to the field and suddenly her backbone was broke or something and she could not stand without terrible pain. I laid my hands upon her to pray for her and God gave her an instant miracle at that time. She said because she had to go somewhere, she sent her two children with me so they could stand and give thanks to the Lord!”
- **“I thank God that when I came to the crusade last night, I saw great miracles.** I saw many healed by the hands of the servants of the Lord. There were miracles on the ground. I saw blind babies eyes opened.”
- “I thank God because my child was lost and after prayer the child was found on the Ugandan boarder and he was restored to me. Yesterday I saw God do wonderful miracles. As the servants of the Lord prayed over my other child yesterday, she had developed a habit of not going to school. But, this morning when he woke up he said, momma, take me to school. This is God! This is God!”
- “As I received the impartation to go and pray for people outside. I went to visit one of my catholic neighbors that had been sick for two weeks. He had been at the hospital and brought back home because they could do no more. I found him in his bed. I prayed for him and after prayer he said that he was feeling well and healed! He could only drink water until now, but now sat up and had tea with me. This is a great miracle. While we were leaving the neighbor, he said can I escort you to the gate. He could not even move out of bed before I got there. Then he said, let me walk you to the road, then he said, now I think I can go to work I am feeling so good.”

- “A pastor said my greatest miracle is to see God accomplish His work now. I studied in a world renowned theological institute. Everything must be analyzed we were taught in the school. So, I was very surprised to see that miracles are still happening. We pastors have closed up the chapters on the miracles thinking that they still don’t happen. Come on pastors, let’s go.”
- “**Another pastor said** I was here then I realized that if you believe you can go up to where God is. **Tonight I had the first peaceful sleep that I have had in 10 years.** I am so glad that we have been invited to come to this place. Then I saw the white people, oh my.”
- “As I was being prayed for here yesterday, I went straight home and found my young boy was sick. It is now 3 weeks with a high fever and as my husband and I were reviewing what was said in the meeting, suddenly my son started coughing terribly. We then went into his bedroom and my husband and I went in, we laid hands on him and he was instantly healed. It was a great miracle.”
- “I thank God for the prayers I received here. I went home, I ate, and I slept. At around 3 am in the morning, something appeared like light, I didn’t know what it was. But I suddenly got up and put on my clothes and started praying. My little daughter who suffers from constant headaches. My daughter got up out of bed and said, Dad, let us get up and sing and pray. We prayed and prayed and then she went to sleep. She got up in the morning and my daughter has testified that she is totally healed.”
- “It is a good day that I praise His Name. I give thanks to the Lord. After I was prayed for I went back home and my grand mom who was bad sick in her leg. I went to her and told her, grandmamma, Jesus loves you. She had a hard religious heart. She said I have gotten lots of prayer, what can you do.

I told her that today is a new day and that God will lift her up today and He did.”

- **“I am a pastor. What an awesome crusade last night. There were miracles that I have never in my life seen before. Many came with various needs and they were all healed.** When a man came forward I asked him what is your problem. The problem and pain was completely removed. I have never seen anything like this. This is like a police training center where we are being equipped and given the weapons of warfare so that we will not be pursued but rather pursue.”

ANOTHER BONUS: A man that was drunk in his house heard the teaching that was going out over the sound system. He came under strong conviction to come to the crusade site and receive Jesus and get free of his addiction. He came, received the Lord, got sober and got free! Hallelujah!
