Mission To Kenya, Africa  
Thanksgiving Service at Ndal Church

The church folks here had scheduled today to be a day of thanksgiving and testimonies for what God had done the last 8 days and prayer for each other. They began by ushering us in with a dancing and singing procession of worshippers. The atmosphere was already highly charged. They began by allowing some of the believers that had not previously given any testimonies to share them, then some of the pastors were to give testimonies.

**Here are some of the reports that the team heard:**

- A man that couldn't read the Bible, but could see distances, somewhat, testified that he encountered the miracle of God in a meeting. He said that the Lord touched his eyes and he could see perfectly, especially to now read his Bible and he shouted out, "Lord Jesus, You truly are Lord!"
- An old momma said, "at my old age, I didn't know that I could ever meet such visitors as you. I was deaf in one ear and could hardly breathe and God completely healed me. I hear perfectly and breathe normally now. Praise God!"
- A momma said that she had a totally deaf child since birth and that God did a miracle thru His servants, the team. She said, "My son can now hear and he is speaking some words!"
- "I was totally bound up, but now I am totally free!"
- A man said that he was sickly for many years and was delirious, especially in the evenings. He said that after prayer he is now delivered, strong and is going to serve the Lord the rest of his life!
- A man said that he could never understand the white people when they talk. He said that he only knew the Lula language. He said a miracle happened when he got prayer and

- somehow God has opened up his understanding and he is now able to understand our English language perfectly when we speak. Wow, I would like that miracle in reverse for me!
- One lady gave 2 testimonies. One for her daughter that had constant headaches and a skin condition that kept her with rash and constant itching. Her daughter was miraculously instantly healed. The other testimony is what happened when she received impartation prayer to go out and do power evangelism. She said that she went to a neighbor that had an epileptic son. The boy had daily fits and was quite sick. She layed her hands on the boy and prayed. That was 6 days ago and her neighbor says that the boy is totally healed and completely normal!
  - One lady testified tha she was the only representative from her church that came to the conference. She said that when she went back to her church on Sunday that the people didn't recognize her. She had such power and authority in the Spirit. She prayed for many in her church and saw miracles. She also said that she was at one of the crusades and she saw a witch in the crowd trying to put curses on the team and to stop the crusade. She said that after what she had learned she knew the witch would loose and many miracles came forth.
  - I came with my son and daughter. My son could not walk well and my daughter's hands were paralyzed into a clenched fist position. After prayer from the team my son was jumping, spinning around and dancing and my daughter's hands are open and she is using them normally. My daughter's hands have been that way for 5 years.
  - I came with TB, after 8 months in and out of the hospital and doctors they could not cure me. When I got prayer from the team I knew that I was healed. I have been tested and it is confirmed. I feel like a new person.
  - A word of knowledge was given for a problem with the right eye. I could not see out of my right eye. I stood before Motto

and he prayed and I saw a bright light come into my eye. Motto said that if I will serve Him I will get complete restoration. I am here to say that that day I decided to follow Jesus fully and my eye is now seeing perfectly.

- A lady testified that they had taken her daughter to a witch doctor to be healed because the doctors couldn't help her. She had been very sick for a month. The witch doctor told them that the problem was in their household. This lady said that a team member and some Kenyan pastors came to their house and said they were bringing Jesus to help them. Can He help my daughter she asked. They said yes, and the problem is the devil. The witch doctor said the problem was my husband and I. They prayed and my daughter was miraculously healed! I am here to testify that Jesus is The Way!
- A momma stood and told of how her unsaved husband got saved. She was at the conference and was personally healed of sickness and got equipped and went home with authority and anointing. Her husband was blind in one eye. Her husband was very unforgiving and had bitterness in his heart. She was bold and told him of what Jesus would do for him. She laid her hands on him and his eye was opened, he then received Jesus and got delivered from all bitterness.
- An elder of one of the churches told us of a vision he had received. He got this before the team arrived in Kenya. He testified of how he had seen us (he said that he knew exactly what each of us looked like). He saw us blessing the people and praying for many people. He saw us doing many miracles. He saw us pouring anointing oil out on him and many others. He testified all this to his church before we came. He also said, 'YOU MUST COME BACK AGAIN!'

### **Summary of Some of the Pastor's Testimonies:**

- Testimony from the Pastor of the church we were at the first Sunday of our arrival: “Because of the power of God that the visitors have brought, our church is swelling and has already greatly increased.
- Another Pastor: “Thank God for the tangible miracles I have seen. We went out to the village homes and I had my first encounter with a Muslim. I thank God for the teachings and impartation we have received that gave me boldness. This Muslim man was deaf in one ear. I told him that JESUS would open his ear. We prayed and his ear was instantly opened. He then received Jesus as his Lord and Savior. He then said that he would change his name from Mohammad (or something like that) to MOSES. His sister in law was there, also got saved and changed her name to Miriam!
- You’ll have to watch the video to hear of how this same pastor prayed for man that was almost dead on the road, most of his blood had come out of his body.
- Another pastor testified of how that had been renting the building that they are holding services in. The land owner saw the visitors (team) come to his small church and many miracles were performed. The land owner said “this is truly God and I am going to give you the title deed to the property so that you may continue this wonderful work!”
- “The teachings and practical demonstrations we have received have taken us out of darkness and now the church is becoming known and we are now bold in our faith!”
- “From the crusade in my village, the place has really been shaken! Up to that time we only had ordinary preachers. Our village has now seen God moving in a powerful way. A real crowd gathered and the people saw strange things they had never seen before. The people asked me, “how did you these people to come to this remote area?” I told them that it was God’s doing. After the powerful crusade and the team left, many people followed me and slept at and all around my

house. I continued to teach them from the word of God and the miracles are continuing. Our village will never be the same and I feel like Jesus is truly with me!”

- “I thank God for the last 8 days and for the team. I have never seen or experienced anything like this in all my days. All the area church leaders and intercessors met to pray for what has happened weeks ahead but we really didn’t know how big it would be.”
- “I had a dream that I saw somebody come into a meeting and that person was blind but looked totally normal. When the servants of the Lord started praying, this person came, got prayer and their eyes were opened. I spoke to the other pastors about this dream. What God was saying is that all of us looked like normal believers before the team came. BUT now our spiritual eyes have been opened and now we can see the Kingdom! I have been in this region for 3 years and it was a very hard area. Now, because of the impact of this team, everywhere I go there are testimonies of God’s healing. Multitudes are now coming into the church.”
- The last pastor’s wife spoke and said, “I have never seen a day such as this. When we started in the ministry, many people despised us and they said ‘they are just children, they will accomplish nothing!’ People can say what they will, but now I know we have the victory and I will finish the work God has called me to do!”
