

Mission to Africa, Khulwanda, Kenya

Saturday afternoon, February 13, 2010

Open Air Crusade held at End Time Harvest Church

Tony:

Thank you, Thank you prayer warriors! This mission has started with tremendous breakthrough. We bless you!

In Kenya, we can always tell when we are getting out near the bush because the children are frightened of us, but only at first. There are a bazillion children here with the average thing to do to pass time is to have children.

Remember the girl from this morning that was healed of malaria? You should have seen her cutting a rug tonight with more energy and life in her than you could imagine. Having been one that has had malaria, I know the wonderful miracle this young girl received today.

The first lady I prayed for was totally deaf in one ear. We prayed a few seconds and asked her what was happening because she was vibrating. She said, "My ear is shaking on the inside!" We watched as Holy Spirit brought deliverance and her ear totally opened up. She cried with the realization of what had just happened. I could just tell that this really impacted her life.

After about 15 people gave testimony of the miracles, we gave a call for those that felt it was time to receive Jesus. Here they came; these shy folks dropped all their shyness to come to Jesus tonight!

A young man came hobbling up and told me he had a motorcycle accident and "wrecked" his leg. He said no doctors could help him. We prayed and very quickly he was jumping up and down. I looked up at the stage the last song of the night and this man was up there with a microphone leading the singing and jumping and dancing wildly. He was beaming with tears flowing down his face as he was praising God. You are so amazing, Lord!

There was so much more, but time has gone away. We love you all.

Fredrick:

A young boy, maybe 5 years old, totally deaf and dumb was brought by his mother tonight. The mother said he has been this way since he was born. He could say nothing. We prayed and I asked one of the men to clap behind him and the boy turned. The mother was shocked. She called to her son and he turned to her. She became so happy. Casey came and for fear of mzundu (white man) the boy started crying.

A young man maybe 22 years old came with kidney problems for 5 years and pain all over. Going to the doctors and they could not help. I asked him if he wanted to receive Jesus and he said "maybe". I said ok, I'll ask you again after prayer. I prayed a very short prayer and then he said "I am totally healed!". Wow, he moved every part of his body freely and oh, by the way, he received Jesus as Savior.

An old man came confused and said, "My wife had been pregnant, and about 2 months ago gave birth and her stomach is still swollen like she was still ready to give birth." She wasn't here, she had been taken to some medicine men. I told her to go get her and bring her to the service tomorrow. I told him he would see a miracle when he went to her. He received Jesus as Savior and his entire composure changed, he became very bright! I believe we will see his wife totally healed.

A young man came and was feeling a severe headache. Tears were running down his cheeks from the terrible pain. He said the pain started today. I asked him if he thought Jesus could heal him. He said yes! I just put my hand on his forehead and he shouted out "I am healed!" I didn't even pray. God is so good!

A lady had a bad back condition for the past two years. I prayed once and nothing happened. The second time I prayed, she said the pain moved. I commanded that

spirit to leave and she said something came out her foot and she was totally healed!

Another lady said her leg from her hip down was totally painful for 2 years. She put her hand where the pain was. I put my hand on her hand and commanded the pain to leave and instantly said she was healed. She said I will show you because I would not have been able to climb up the ladder to the stage before. Well, off she went and climbed the ladder and gave great testimony to God.

Casey:

The dust was flying and the ring of mzungu was all around us, Wow I love Africa. The crusade turned out to be another God blow out, and if what we saw this afternoon is just a taste of what's to come, we'll be in for a great ride. They started out the crusade with some awesome praise and worship. We tried to dance around, but we are still a bit tired from all the travel. Tomorrow we are planning on kicking up some dust. Tony gave a great message and then we released words of knowledge. A bunch responded to the words given, mostly women. Most of the men just stood back and watched as if to see which one was going to make the first move. Later on when we gave the last call for prayer is when they all started to come. Now or never. I prayed for all kinds of stuff and

Mama Emily was my translator. She is so much fun to pray with. One of the ladies was in a lot of pain from her waist down and had a hard time walking. Not for long as God touched her legs and she was instantly healed. Another lady was suffering from diabetes and all that fun stuff that comes along with that. As I prayed for her you could see the pain leaving her body and the peace of God coming in. She looked so peaceful I hated asking her how she was doing. She just smiled and said something is different I feel different I feel good. Praise God. Another woman was paralyzed and couldn't move around very well. Again after a short prayer she was also instantly set free and healed. I also prayed for a few women that couldn't read due to bad eyes and one of them just didn't read. All of the eyes were opened and the woman that couldn't read stood up on the stage reading from the Bible now. God is great and awesome, but the things like this just blow my mind. How does He do that? Wow. When some of the men came for

prayer I prayed for this one man that was in a lot of pain in his stomach. Not quite sure what it was but he too was set free and healed. The whole evening was just like this, one after another, and all of them were instantly. I hope I get to “over use” this word on this trip. What an awesome day and to finish it off I goofed off with the children for awhile before we had to leave. Thanks to everyone that is praying for us. Blessings 😊
