Some Additional Testimonies coming in from the One Day of Ministry in Liberia, Three Months after the departure of the Living for Jesus International Ministry Team

- I am grateful to God for the team, who made it possible that I am healed from a tumor that I suffered with for the last 18 years. Today IT IS GONE! I thank God for yaaaa!
- Praise The Lord! I was suffering from blindness for 9 years, but since that day I was privileged to see the team operating in God's anointing, I CAN SEE CLEARLY, I CAN SEE CLEARLY, PRAISE THE LORD!
- Amen! I am a Pastor. I appreciate God's chosen vessels for the impartation they have given into my life. I have grown in faith. My level of thinking is different since that glorious day. My family is experiencing the release of the anointing from the impartation. I bless the Lord so much for you men and women of God. May He continue to anoint you more and more so that you will come back to Liberia soon.
- I thank God for my family relationships since the team prayed for me. My relationships are now alright and everything is going on fine. Thank you for bringing peace, love and unity into my relationships and may God bless you.
- Thank God I am delivered from parental curses and covenants. I suffered from this for 12 years. I can now see my way through since the team prayed for me. My life has changed, things are getting better and better and better everyday, I mean better.

- Your coming to Liberia was not a mistake, but a fulfillment of God's plans and purposes, in the restoration of truth to the Body of Christ. Indeed, I have lived a failed life for a considerable period of years, but in your impartation, I received my deliverance, and break through. Please come back, though your visit was brief, but it was timely and a success for many. May our Good God continue to prosper the work He has deposited in you? God bless you all!
- In this era of frustrations, disappointments and hopeless needs, it is good to see a trusting and faithful Christian. Thru your prayers I received the long awaited promises concerning my life after your great and timely prayers. It was a tremendous blessing being in your meeting. I hope you will think about coming back to Liberia, as people are still clamoring to know the truths of God's Word. Thank you, thank you so much for your prayers!
- For 12 years I was blind and so I had great difficulties. My sight was perfectly restored after your powerful prayers. Now, I can see very well. May God continue to strengthen the works of your hands, as you continue to do the work of the ministry of the Kingdom. I will be very happy if you will come back to Liberia to restore hope in the lives of people who desire healing and deliverance.
- Your impartation was a great blessing to me. Over these many lonesome years I was desiring for a marital partner in a good and godly relationship. I could not get one, no way UNTIL after the great encounter I had with God through the impartation I received thru you. Immediately God brought me that relationship. Indeed, I am grateful that your coming to Liberia was so rewarding for me.

- I am a Pastor and I had stomach problems that were diagnosed as an ulcer, but after the team prayed for me, up to now all is well and I believe it is permanently fixed, in Jesus Name.
- Your coming to Liberia was such a blessing to me. My daughter who could not walk or talk for 4 years since her birth IS NOW WALKING AND TALKING.
- I bless God for you and I hope you come back so that those who were not blessed to encounter God thru your ministry will receive their miracles and may have a chance to do so and be blessed as I am.
