**Pastors Conference Day 2 Session 1 & 2**

Tony:

To all that are praying: Your prayers are powerful and effective. The dark cloud of witchcraft that has been over this area has been pierced and the Light of His Glory is shining thru. Church leaders are confessing that now the tide has turned and the Power of God will be seen in the Church. People will now begin to turn to the church instead of the occult to experience real power.

One of the pastors told me that he is going to begin to travel to the out villages and “hammer” the enemy. He said he was afraid to do that before, but now absolutely knows that he will be bringing the Kingdom of Heaven with him.

The passion of these people to worship The Living God is very intense. It is amazing to be a part of it! Two sessions during the day today. First on the prophetic and hearing God and then deliverance. After the first teaching we prayed for activation of their spiritual senses and for Holy Spirit to release a word thru the many ways He speaks.

Here is a sampling: A lady said she saw a man with water pouring over his ear. We asked for who had a problem with one ear. A man said “I am totally deaf in one ear!” The lady that got the word prayed a short prayer and commanded the ear to open. We checked out the ear and it was totally, instantly opened! I have a picture in my head of this lady’s face when she saw what God just did thru her hands and the man’s face when he got his hearing back!

One pastor said he got a vision of himself stuck in a pit. He knew he needed to get free from something but didn’t know what or how. Casey led him thru privately and in a few moments he was free.

Another pastor saw himself jumping and praising God and giving thanks to God for what He was doing. He said, what does that mean? I said it means you should do that right now. So, he did, moved into radical praise and thanksgiving jumping. He said that he felt a release and everyone else got stoked.

How about the pastor that saw a woman very pregnant. He didn’t see her face. So, I had him scan the crowd of woman until he was drawn to a particular one. He did, we called her up and prophesied over her the deposit God had made her spiritually pregnant with and what was coming. She acknowledged it was God and jubilated!

We ended the session with a word from one woman that God was going to raise the dead things in their lives. We asked for those that felt their ministry was dead or near dead or the same for their work or family or marriage or finances. I was thinking there would be a few people. Absolutely every person in the place came up for prayer. So we hit it and released life over those things.

Second Session: clearly this teaching was new to them. They felt that Christians could not have any demons. So they would get legalistic with backsliders not understanding that they just needed deliverance. Praise God for what He has done today!

Casey:

Today was a day of words of knowledge and deliverance for the pastors and church leaders. The hunger here is incredible and all of the teachings have been well received. The first session was words of knowledge and most of them were shocked to find out that they have been getting words from God for a long time but never knew it. Today the light bulb went on. We always do an exercise with them during the teaching by having them use their spiritual eyes or I guess you could call it activation. Then we pray over them to receive words from God and then let them share what they got. Some great words came forth. Some were for healing and the others were words of encouragement and blessing, but the important thing is they got it. One of the words given was for someone that felt there was an area of their life that had death on it, but God wanted to release them into His abundant life and set them free. So when we asked who that was for the whole church stood up and came forward for that prayer. We looked at each other and said I guess pray, huh? Tony prayed over everyone at once proclaiming the release of the Holy Spirit as Lisa and I went thru the crowd laying hands on them. Wow what a great meeting!

The second session teaching was deliverance. I have really come to love this session and I love to watch the expressions on all the faces as they learn about their authority. No matter where ever we have gone in the world during our travels, deliverance is always a ministry that is most misunderstood. The teaching we give them is very basic but with the authority being used in the right way you really don't need much else. Well, except for the Holy Spirit, of course that's a must. They really loved the mock deliverance we do to so they can see with their own eyes what deliverance looks like. Always done in love and without shouting, a whole new concept. We ended the session with them praying over each other and taking each other through deliverance. Praise God. It was real quiet in the building too. Thank you for praying for us on this mission. Lisa:

Today we went into town and Tony preached on Words of Knowledge. We then started praising Jesus and we all felt the almighty move of the Holy Spirit. We were dancing amongst the people, praising and worshipping Jesus! There was an incredible atmosphere and presence that was indescribable! Tony then began to preach on deliverance.
