Christlife Branch Church Conference Day 2

Pastor Instantly (Report from Last Night)

I saw at first that people were reluctant to come to the outreach grounds. But when they started hearing the testimonies, there was a lot of excitement and the people just kept coming and coming. Some were taking it as big joke about what was going on, but God convinced them all when the deaf and dumb spoke and could hear. They were amazed and believed.

Testimonies:

We saw the deaf and dumb healed tonight and watched them speak and hear.

Here is some of what I saw.

A lady had leg problems for 1 year and another with paining legs for 2 years both instantly healed. A lady 57 years healed of leg problems. Another lady 5 years of suffering from back and leg pain instantly healed. We watched the crippled be able to walk, one after another, in an instant. It was amazing to see.

A boy with 5 years pains all over his body was instantly healed. A man 52 years old healed of pain all over his body for the last 3 years.

A lady with 3 years back problems, one with 5 years back problems was healed. She kept testing it out with total wonderment at how this could have happened to her. A lady 39 years old healed of her back problems

A man with severe chest pain, instantly healed

A 23 year old lady with eye problems and very blurry vision was healed. A boy 10 years old healed of severe pain in both eyes.

Many healed of neck problems, one lady for 47 years. One boy 10 years healed from 4 months of nonstop neck problems.

A man 21 years old healed of severe pain in his hands

Many were healed of knee problems and we watched them all walk. Many could not even stand up straight until the healing came.

Many with severe headaches instantly healed. Some the pain was so bad that they couldn't even concentrate on what we were saying until the healing came.

A 15 year old girl had a tumor in her waist and we watched it disappear.

Many healed of serious stomach issues, all instantly. One lady suffering for 1 year with sharp pains every day, she was in such agony until healed tonight. Many just couldn't stand the pain until they were set free by Jesus. How about 10 years of agony for one lady, instantly healed.

A young lady was instantly healed of rash and itching for months.

Many were instantly healed of severe throat and chest problems.

Pastor Instantly (Conference Day 2)

The teaching was amazing. Many of the participants there realized what was made available to them for praying for others. They were shocked at the simplicity of the gospel in praying for others. Many of them realized for the first time that they could pray for the sick and set captives free. Wow, the look on their faces as the revelation came. Other pastors say African demons are more stubborn and hard of hearing than demons in other parts of the world so it was necessary to shout at them. After awhile they became convinced that it is the Anointing that breaks the yolk of the devil, not our shouting.

The teaching was simplified to a level where all the participants now know how to conduct personal deliverance. So they said now they have no need to pay money to go to others to do deliverance and exorcism over them. They said now they will all save money and get themselves delivered.

The teaching utterly transformed our concept of deliverance! We now know the right way to conduct deliverance, which requires no shouting, screaming, yelling or falling.

The teaching was very practical for the understanding of everyone. We were made to understand that the kingdom of heaven is what is in our hands, because we are expressing the glory of God. This really helped me most. Thank you Jesus! So, the more awareness you have about God, the more you can make use of the power and authority He has given you. You just need to believe it is available for our use and you don't need to feel it. You do not need to fight to use the authority that you have, just speak a word and it is done.

Rev. Kettor:

We arrived at the Church and the people were really ready for the impartation, especially women. I saw the line for impartation keep growing and growing. So many people that were not even in the church, it looked like we would never come to the end.

The pastor was surprised to see how many people were at his church, so many people, about 50x more than he normally sees. I saw how eager the people are for the crusade tonight.

Even though we had impartation prayer, there were people getting in line for healing. They wanted to experience that instant healing of the Lord. All were getting healed from all manner of sickness.

Tony:

Wow, heaven was truly open today. There was great liberty in the Spirit. Thanks to all praying for this mission. We love you.

The people really got the teaching today and got activated in it right away, leading each other thru deliverance.

We then moved to impartation prayer. We had two lines, one for Casey and one for me. As each one of us prayed, we would switch off so that each of us prayed for every person. There were lots of prophetic words given, gifts released and empowerment thru the Anointing being imparted.

Now a most amazing thing happened. There were maybe 300 people in the church for us to pray for. Just as the bread was multiplied, the people kept multiplying. We don't know where they were coming from. It felt like we prayed for 1000 people. As we got within 10 people of praying for all, then all of a sudden there was another 70 or 80 people. That kept happening again and again. It was most amazing.

There was a deaf mute girl that just showed up and some of the pastors were praying for her. Nothing was moving so I felt lead to turn to the people in the crowd and call out one of the ladies to come and pray for her. I was drawn to a particular lady and I called her out and she came forward. I asked her to pray and she did and started crying. Then she said "I am the child's mother!" Wow, I was clueless, but Holy Spirit showed me the mother to come as she needed to be praying over her daughter. We instructed her on her authority over her daughter and her responsibility to stand and pray for her daughter until the healing comes. It was a real cool way for God to show momma what to do.

Casey:

We had another God encounter this morning at the church. Today was our last day for the conference so we had to give them everything we had in a short time. The teaching this morning was on deliverance and it never seems to amaze me that no matter how many times we teach this we do still receiving revelation on how to bring the people new understand. The teaching was well received by everyone and understood. After the teaching everyone teamed up and took each other through the steps of deliverance and got each other set free. Then it was time to move on to impartation. I thought it was just me, but to find out the crowd did

keep growing. I was watching the person at the back of the line and all the sudden she was standing in front of me for prayer. Ok, so I looked up and the line went to the back of the church again. This happened several times and I don't have a clue as to how many people we prayed for but we prayed for a long time. While praying for impartation a few people slipped into the line for healing. One Mama brought her son up for prayer because he was unable to speak. Since birth her son was mute. So I just switched gears real quick and went into healing mode. Instantly as I prayed for him his voice was loosed and he began to speak. His first word that he spoke was Jesus. This never gets old to me and the look on Mama's face was one of unbelief. She couldn't wrap her head around what just happened to her son. I think she was in shock. Once this little guy started to speak he just kept on saying Jesus ,Jesus,Jesus. That was like a nice little bonus this morning☺. Now it's time to rest for a few before the evenings outreach. Thanks to everyone praying for us on this mission. Blessings.
