Tony,

Wow, it is absolutely amazing what can happen in the Glory of God! To see these people praise God, they put every fiber of their being into it.

We are heading out to spots around the villages and just set up the equipment and begin to praise God. Then an amazing thing begins to happen, people just start coming out of their houses (which are all open, so sound can travel into them). For many, we start out as the entertainment for the night. If you don't have a generator, then you don't have power. You rarely find a television here and if you do it would need a generator. White people are not often seen in bush areas and many people come just to look at us and touch our white skin.

However, they are quick to find out that we are Not the center of attraction, but Jesus is! We tell them of His love for them and then explain how He wants to touch them, then demonstrate.

This was a strange night for me. When we started into praying for the people, the Pastor's tonight were way more confident and just took off on their own. They were going after it. Again, the healing miracles and deliverances were happening extremely fast. The large group of pastors prayed thru the large crowd of people in about 15 minutes. Years ago it would have taken two days to pray for this many people.

But, this is what happened to me: the first lady that I asked what she needed was very difficult for me to understand. Even though the language is English, oh my, with some of the folks I cannot understand a single word. I thought that she said there was a problem with her foot. I got down on the ground and prayed, asked if it was better and she shook her head NO. Prayed again, again NO. Prayed again, again No. She would shake her head NO, but was talking to me like crazy, even excitedly, but I didn't have a clue what she was saying. Now by this time the other pastors had seen many, many miracle healings each. I looked around for someone to help me talk to this lady but everyone was fully engaged. Then I saw one of the pastors just standing there behind me, not in the crowd in front of me. I left the lady and said "stay here, don't move." I went up to the pastor and said "hey, what are you doing? Come over here I have someone for you to pray for. I grabbed ahold of his arm and brought him over. I said "pray!" Well, he just looked at me and didn't say or do anything, just stood there. Three times I asked him what was the matter with him, why wasn't he praying. Then, one of the other pastors came over and he talked to the lady and the pastor standing there.

Here's what he said: This man you think is a pastor is not. He has come for prayer himself and could not understand why you kept telling him to pray for this lady. Now get this: This lady did NOT have a problem with her foot, she came blind in her right eye. Totally pitch black blind! She was trying to tell me "NO, I do not have a problem with my foot, but my EYE HAS JUST OPENED AND I CAN SEE!" Now I really felt like I truly was the entertainment for the angels tonight and I felt the joyous laughter of My Father in Heaven as we laughed together!

Now, by the time all this was over, there had been hundreds of healing miracles recorded in Heaven and now the salvation call had begun and again hundreds of lives were surrendered to Christ tonight! Hallelujah!

Going for Jesus truly is the greatest adventure of a lifetime!

Casey:

As we were loading up and heading out to the crusade tonight Tony looked at me and asked if I brought my bat? With a puzzled look on my face I answered "bat"? He just laughed and said you're up tonight. Wow, like that went right over my head. I think I am still in a Holy Spirit stupor from the afternoon impartation service. I really had no clue as to what I was going to share tonight. All I could do is trust God and take a step of faith (risk) and go for it. When we got to the crusade ground the worship was already cranking and I could feel it was going to be a good night even though I was still clueless. Right before I was to speak Tony and I prayed for the Holy Spirit to give us what we needed for tonight and to claim this ground for the kingdom of heaven. When I opened my eyes God gave me the word I was to share. The crusade was being held in a gas station parking lot and the word I received was this is a Holy Ghost filling station tonight. Whatever was needed God was just going to pour it out. The pastors were operating as the filling station attendants in charge of filling up the people tonight. There was more to the word I gave but I don't have a clue as to what it was. All I know is that I got what I needed as Holy Spirit filled me up too.

Before we released the people to come up for prayer God gave me a word of Knowledge for a woman wearing green with a left knee problem. At first there was no response to that word except the few trying to come up with a totally different pain. They were told to hold on for one moment and we would get to them next as the one woman pushed her way through the crowd limping on her left leg. God wanted to use her for an example on how He was going to pour out His healing tonight. As we laid hands on her she was instantly healed and began to jump up and down with great excitement. This got the crowd going and you could feel that the atmosphere was ripe with the Holy Spirit. I lined up the pastors and released the sick to come and in the blink of an eye we were swamped by the crowd waiting for their turn to be healed. I looked like several hundred people were at the crusade tonight but with the pastors all praying with us and the instantly anointing with in one half hour we were all done praying. EVERYONE was totally healed tonight too. I knew tonight was going to be good. I had prayed for mostly neck aches and headaches tonight with a few stomach pains as well. Although one of the women with the stomach pain said she had a growth in her belly and after the short but powerful prayer the growth was all gone. It is fun to watch them look for the things that God removes from their bodies. Their mouths wide open and the look of shock is fairly common. I would love for all of you to be here with us to experience this awesome move of God with us. I know you are with us in spirit and in prayer and for that I am forever grateful. It is hard to believe this trip is already coming to an end soon. Whoooh, where does the time go?
