

Mission to Sierra Leone Pujehun Village Conference Day 3 5/14/2010

Tony:

Thank you, Thank you prayer warriors!

Today was an absolutely amazing move of God. In the morning session I taught the usual teaching on words of knowledge and when we got to the prayer for release of words, OH MY GOD, Holy Spirit came with a tremendous move. There was no problem with people standing up and giving words for others. I will have great difficulty explaining this, but will try. I watched Him come on a few people at first, then moving in waves, then in different areas of the room, powerfully touching many people. I had asked the worship team to begin with very quiet worship as the people were waiting on God for words. Then you could feel His Manifest Glory move in and increase and increase and increase. The air got thick, the weightiness of His Glory got heavier. There was nothing I could do, I didn't want to touch this. I just asked the "ushers" to leave the people that were manifesting alone, to keep their hands off of them. At first a lady broke out in a prophetic word, but it wasn't like what we normally see. She was wildly gyrating as she brought the word. She was declaring that His Holy Fire was in the place and that there would be healings and deliverance for the people right in their seats. There were several other words about how there was a demonic "lady" sitting on the district stopping spiritual growth and that this week that master spirit would be driven out and REVIVAL would come full blown.

I pretty much stood, stuck in one spot, watching all this. Cries of repentance, Cries for mercy, sovereign deliverances as demons were flying out of people, and tears of joy. Some looked like they were in a trance. Some caught up in the Spirit. Only eternity will tell of all God did this day.

In the afternoon session, I began by "imbibing" on the Living Water. In a matter of moments everyone in the place was in hysterical laughter. Wow!!

It was real clear they needed that. We then moved into dreams and we could have spent the next two days interpreting dreams for them. We ended the day by

having the LFJ Sierra Leone team pray for anyone else that wanted prayer. It was just an absolutely awesome day!

Emmanuel:

What happened in today's meeting is like the day of Pentecost. The wind of the Holy Spirit swept the entire building. There was a lot of healing and deliverance that happened in the building sovereignly. The Holy Spirit worked in the life of people. People were crying. Demons were cast out without anyone praying for anyone. In my eyes presence I saw a young man with a spirit of epilepsy that was overpowered by the Spirit of God and in his testimony, he had been bound for many years. Sitting in the front row, he fell out of his seat onto the floor. He was crying out and writhing with both of his hands together as if they were bound by ropes. When Holy Spirit freed him, the spiritual binds were broken, his arms spread apart and he began to praise God. Later after he came to his senses, he gave a testimony in which he says that he was a muslim and he heard the announcement about the conference on the radio. He persuaded a pastor to take him along. He finally received Christ and finally decided to dedicate himself in the Christian faith.

There was a Jehovah Witness lady who happened to be in the conference, God moved mightily in the life of this lady. With a touch of her hand a blind man received his sight back. Did you get this: just a few days ago this lady was a practicing Jehovah Witness. The history of Pujehun was revealed today, that is, the occult practices of the Indigenous natives were revealed. Their practice has been one of isolation from the rest of the church and one of extreme outward holiness. Today, some of the members were in the meeting. What amazed me was this: the whole place was quiet and The Holy Spirit was doing His healing thru lives. There were many deliverances, just by God's Glorious Presence. Muslims dedicated their lives to God because of the mysteries of God which they saw today. Many other Muslims received the baptism of the Holy Spirit!

Pastor Richard Clarke:

Today was so amazing to me. After the teaching I saw like a wind blowing thru the meeting hall and everybody was high in the Spirit. The Spirit was flowing right around the hall. People were crying, receiving the word of prophecy, screaming for His touch and God was leaving a message to some people. Some people were explaining what words God had given them. After some while, the hall was perfectly quiet. During that perfect quietness I saw people that were put down by the power of the Holy Ghost; they were just falling out of their seats on the floor. They were baptized in the Spirit, for many, for the first time in their lives. It was really exciting, the Spirit of God was moving mightily! So many people received The Holy Ghost.

Another thing that amazed me most: When I see members from other faiths going to other people from other denominations for healing and deliverance. An Anglican man praying for a "Deeper Life" member for healing and he received it! A Pentecostal receiving prayer from a Methodist and getting healed! Just amazing!

Admire Lahai:

Today was a great day in my life and the life of people in Pujehun. Deliverance was taking place; people were healed of all kinds of sicknesses. I was overcome by the Spirit and caught up by Him. God opened my eyes to see different things that I had never seen in my life. While we were praying, God opened my eyes to see the heavens opened! I saw the Angel of the Lord coming down in a white robe. It was Our Lord Jesus Christ sitting on a white horse. I saw Tony like he was heading to go somewhere, then the Lord Jesus called Tony to come and took him and put him on top of a horse. Then He said, "Before you were created, I knew you." He also said that Tony was the apple of His eyes and wherever Tony was He will be also!

Then Jesus showed me a lady who had a growth (tumor). He said that He has removed the growth! Two women later declared that their tumors were gone! He showed me a man putting on a veiled cloth. But I saw Jesus tear the cloth off the man's face. The Lord Jesus said "I am in Pujehun!" and that He is "setting the people free!" He said for Pejehun's sake, He would neither sleep nor slumber!
