

Mission to Sierra Leone Pujehun Village Conference Day 4 5/15/2010

Tony:

I am feeling your prayers Saints. Those of you that have been lifting me and this mission up, I am very grateful. I truly feel your loving prayers. The pastors here are overwhelmed with the sense that this entire mission has been orchestrated in Heaven and a tremendous revival has begun. They are very excited to see what God is going to do as we outreach to the nearly 100% Muslim neighboring villages, Mon-Wed. Then on Thur-Sat a mass crusade for Pujehun.

Today is the last day of the conference and time for impartation . Holy Spirit has prepared the hearts of these leaders and believers to receive all that we have come to bring. In general, the healings are again Instant and the power level and signs and wonders are still on the increase from mission to mission. Glory to God! It is beyond comprehension what God is doing in the earth today.

A little about the culture of this part of God's creation: When it comes time to eat, there is one large plate and the whole family eats off of the same plate. They said, "it promotes unity and family life". I wonder if I could reinstate this in America. A typical plate is a pile of rice, cassava leaves cooked with some nice spicy seasoning and some little chunks of fish or some kind of meat mixed in. Then we each take a spoon and mix it all together then eat out of the same dish. Another typical dish is a pile of potatoes that are cooked to look like French fries, but are soft. Piled on top of that are cooked plantains, then on top of that some fish or some meat. All this with a nice spicy sauce (not McDonalds). This is just so cool. All the while we are eating we are looking at each other's faces and fellowshiping.

The service itself was very, very powerful. Almost six hours long. The LFJ Sierra Leone team joined with me to impart to and prophecy over the pastors first. There are now 7 full time LFJ ministers in Sierra Leone. Emmanuel is believing for 17 to include a full time worship team.

Then we lined up the pastors in a fire tunnel and had all the people, maybe 3 or 4 hundred come thru the tunnel as the pastors imparted and prophesied over the people. I was at the end and quickly had to get two young strong men to carry the

bodies over to the floor as they were being powerfully touched by Holy Spirit. The people were SHOCKED by the power of God!

The pastor of the church where the conference is being held, stood to give a dream that he had gotten a month before this mission. This is his dream in his words: "I saw an airplane (for those of you interested in dream interpretation the airplane is the LFJ ministry) bring two people and the plane landed right in the church compound. Out of the airplane comes one black man and one a white man. After awhile they explained to me that the enemy tried to stop the team from coming together with lying threats and that if they came they would have an accident. The two resisted all the threats and followed thru with God's plan and discovered how much of His protection is upon them. Immediately after the dream I met with Apostle Emmanuel and he explained his desire for Pujehun district with regards to Tony Fire's flight schedule. I must confess that the LFJ program is timely, powerful and Holy Spirit Led. With my naked eyes, I have seen people manifest when God's anointing comes, have seen powerful healings and deliverances and have seen the REAL gifts of the Spirit in operation as never before. My perception of healing and deliverance has completely changed. I learned that shouting and pushing has nothing to do with the peoples healing and deliverance. I conclude by saying that this conference is a tremendous blessing to me and this district."

Emmanuel:

I have NEVER experienced such a wind of The Holy Spirit moving in the midst of any brethren, like this today! First of all, one of the men got healed from strong stomach pain and in his statement he came this morning bent over. While the impartation service was going on, by then he reached to the end of the fire tunnel and felt heat was coming from his stomach. He went to the toilet and there was heat coming on the waste product. It was like on fire! From that point all the pain that was within his intestines was gone!

A lady came thru the tunnel and she gave a testimony afterwards that she had a dream last night. In the dream she was married in the ocean. From that time she had never settled in marriage. Immediately, when she entered the tunnel today,

she saw the same man, from the ocean, (a demon) come to her. But she refused to go with him. This demon looking like a man had given her a ring and she was wearing the ring today. She gave the ring back to this demon today. She was fighting, wrestling on the ground today, so strongly. She was thrashing all over the floor until God's power liberated her!

As for me, I have never experienced such a power that came up on my life. The whole church was filled with something like a white mat that covered the floor and everybody was wearing a white robe, in the spirit. When I was down under His power, I saw something like flies coming out of my body. Two months ago, I was poisoned in my food that was sent to me from a friend. For nearly one week I could not be able to walk. Stomach pain has been a serious problem for me since this time. Today I got my TOTAL healing as I saw flies coming out of me. Beelzebub is the lord of the flies, right. Today, that demon behind the sickness was removed from me.

The healing power of the Lord upon this ministry has increased EXPONENTIALLY, even since the last year when the team was here.

Here is a prophetic word I have been given for LFJ ministry (In two parts):

1. "God is going to raise up people that are going to stand with us in this ministry, from now until the end of this year. It is going to make this ministry expand quickly and move around the world. A man of great financial influence is going to be healed thru this ministry."
2. "The healing ministry has increased and the Lord is saying that there will come a time very soon that Tony will be freed to go more and the other work will be handled. He showed me Isa 31 that The Lord of Hosts is coming to get situations straightened out to make a way."

Pastor Mustapha Koroma:

What I saw today was the strong visitation of God. Everybody was drunk with the anointing of God. Lives were transformed, the sick were healed, the pastors were filled with The Spirit of God (all pastors). All the pastors demonstrated the

anointing by laying hands of the members in the conference and The Spirit moved mightily! I thank God! In the conference we have never seen a demonstration like this. It was a physical and practical demonstration for everyone. Everyone got fed both physically and spiritually. Like Jesus with feeding the 5000, the people got both physical food and spiritual food.

Pastor Matthew J Koroma:

From the start of the conference I was not feeling well, I had fever and cold. Right now, I really thank God because everything is gone. The place was very hot with the anointing of God, so sickness was put away. No one could possibly stay sick in this Glorious Presence! I give God all the Glory for that! There has never been a conference like this before. There has never been one in which all the church leaders from all around have come together. There has NEVER been a church conference like this in this area before. And this conference alone has impacted lives more than all the individual church programs have in all the years of the history of this district. And this conference has blessed all the church pastors and leaders TREMENDOUSLY.

Some more Pastor's testimonies:

- "I am so grateful to God for allowing me to witness His mighty works and how He taught me in this conference. Many things have been revealed to me thru the teaching of this conference. I never knew that I had such power in me in the Holy Spirit that has been available to me, but I didn't know it. My prayer was for God to open my spiritual eyes and He did!"
- "The pastors have been going to the big cities for conferences (because no conferences would ever come here), but this one is way different than any other. Any others we have ever gone to has been someone coming and doing everything and we just watch, but this one we were involved and shown that this ministry of The Spirit is for every believer."
- A pastor says: "There are 4 things I want to praise and thanks the Lord for, His Marvelous Works:

1. For the first time ever, I am seeing the unification of the Body of Christ in Pujehun District.
 2. For the safe travelling of our daddy, Pastor Tony Fire, from USA to Sierra Leone and all the way out to Pujeun.
 3. That God has opened the eyes of brethren to see the reality of His Glory in the conference, from the very first opening moments.
 4. This conference has shown me the great and mighty works that I WILL BE doing for His Name sake and the advancement of His Kingdom.”
- “What I experienced here is not only for those that know how to read and write. There are woman that are laying on hands, that cannot read and write, and having miracles happen thru their hands. This ministry is to show everyone that they can do the works of Jesus right now, just the way they are. It is absolutely amazing!”
 - “I have been set free from years of garbage in moments by the Glorious Presence of the Lord in this conference.”
 - “I have never experienced laying on hands to pray for healing. I have seen such power here and so many manifestations I have never seen before, that I cautiously put my fingers from one hand on the sick person’s forehead, while I kept my other fist clenched and ready to punch out if the person strikes out at me. I quickly realized that God is in control and I didn’t need to worry about the person striking me. This lady received a miracle and I was so amazed, I am so amazed, I never thought I would experience this in my life.”
 - “I saw Angels in the place today, mainly setting people free from chains of bondage. I saw some angels dragging a couple of people out of the building because they were now neglecting the call.”

- “I saw Jesus standing at the door of this building today. This is unbelievable!”
- “Just being in this atmosphere of such powerful Presence, I asked for the need for my child’s college fund to be met yesterday. Today it has been met. “
- “I saw the Lord today come and bring a child to one of the woman. I believe she has been trying to become pregnant and her prayer has been answered today.”
- Special Note: The chiefs and tribal leaders do not go to any church meetings, ever. But for this one, God has done such a powerful sovereign work, they all came together. The chairman head for Pugehun stood and gave a speech before all the district chiefs and announced that it is their honor to have us here. We have their blessing to bless the people as Our God leads. (Note: These chiefs are all Muslim). He stated that the chiefs would like Living for Jesus International to be part of the community and enjoy all the benefits of this Sierra Leone family. They gave us their richest welcome.
