Church Service at "God is Our Light" Church at DuDu Town

Report by Pastor Harris:

It was a fun last service in this little church. The pastor of this church laughed and laughed for joy and great excitement as P.Tony shared about Jesus. Here are some testimonies of what we saw God do: We noted that a total of 30 people received Instant Healing.

- 3 people couldn't turn their necks, all healed; 8 people healed from various stomach disorders; 3 people had their deaf ears opened and they said they could hear very clearly now; 2 persons eyesight was totally restored (one lady threw her thick glasses to the ground as soon as she got prayer); 3 healed from severe pain in their backs; 1 healed from a serious knee problem that prevented her from bending her knee at all; 3 healed from fever and malaria; 7 people healed from all assortment of joint, bone and body problems. All miraculously healed!
- An elderly woman could only walk very slowly, with assistance, and always with extreme pain. After prayer she was jumping and hopping along.
- A grandmother whose sight was restored. She had all sorts of things wrong with her. She couldn't walk by herself. Her grandchildren brought her to church. She has been sick and blind for the last 3-1/2 years. She also was Muslim and heard today that people were going to be healed in this little church today. So, she got her grandchildren to bring her. She instantly received healing from all her body pain and her eyes opened and she was walking fine. What a glorious miracle!
