Ministry to Sierra Leone, Africa; Town of Kabala  
Pastor's Conference Day 3

Tony:

Last day of the conference and we seem to be on the fast track. Today we taught on words of knowledge, hearing from God and Dreams. As you know these are big subjects so we gave them enough to stoke them a little. We prayed for them to receive words of knowledge and then they shared. One pastor had a word for a problem radiating from the neck across the shoulder and down the arm. Twenty people responded and he prayed for them all, all were healed, hallelujah! Another pastor received a vision that God wanted to raise a person from the dead; it was a lady that had just died in the hospital. In the vision, the team was to pray for her to be raised. We prayed with the agreement of everyone. We later found out from a sister that went to the hospital that the lady we prayed for did, in fact, come back into her body and is alive and doing well. Hallelujah! Another lady received a word concerning women that have never been able to conceive, that if they would dedicate their children to the Lord now, before conception, that God will bring forth the children.

After 4-1/2 hours of this meeting we asked the people if they wanted to go for lunch and come back for impartation prayer or if they wanted to skip eating and just go for it. They all shouted out, "Now, we want it Now!" OK, so, for the next 2 hours we prophesied over and imparted the anointing to 300 people. There were all manner of reaction from crying to laughing to jumping to worshipping to falling to the ground under His Power. This is always just such a special time.

As I was getting to the end of the line, some folks had brought in a totally blind lady and put her in the line. I didn't know this had happened and when I got to her I went to pray impartation and the folks around her said "no, no, she is blind!" **I looked at the next lady in line and said, "You want to see what His Anointing will do for you?"** I imparted to her then said, "Ok, you pray for her eyes to open up!" She looked at me with excitement in her eyes. She prayed a simple prayer of authority and asked the lady what had happened. The blind lady looked around and around and then got the biggest smile on her face and then said "I can see, I can see!" I held up two fingers and asked her how many fingers I was holding up. She said "I see you white man holding up two fingers." The lady that had just gotten the impartation and did the praying was absolutely ecstatic! Glory be to God!

Casey:

Well this was the last day of the conference and Tony taught on words of knowledge and dreams. Everywhere we go everybody always wants the teaching on dreams. So this made the teaching real heavy because there is so much to cover in these subjects. It never ceases to amaze me on how fast they pick this up. They really love the teaching and any wisdom we can give them. The hunger level seems to be on the increase with no stopping in sight. After the teaching is when we prayed for impartation. I really don't know how many people that we prayed for, but all I know is that it took over two hours. I have really come to love this time of ministry just giving out everything I got, but still it is taxing. There is not much to share about what I prayed for because it all ran together. Just giving everything away is all I know. Like Tony said in his report we had seen all kinds of Holy Spirit manifestations one after another. When I got to the end of the impartation line I felt as if I had nothing more to give so I asked the Holy Spirit for a special word for the last woman. Wow, I must have spoke over her for ten minutes or more and God just downloaded on her. She ended up on the floor under the power of the Holy Spirit and I turned around and told Tony well I got one ready for you. What a way to finish off the day. Thank you Lord. Thanks to everyone that is praying for us Blessings. ☺

Louis:

Last day of this conference. Tony Taught on words of knowledge and dreams it was cool to see the faces of the people as Tony was teaching. They took it all in and now they are running with it. When Tony was done with the message it was time to impart. Omg that was so sweet I can't put in to words what God was doing. All I know it that he loves us all. They had me go first which was crazy, but cool all at the same time. A lot of people came up to get the impartation. God was all over the place. They called and He came. They took it all in, all the prayers and all the words. Anything that God has for them they want. By the end I was so tired it was like God was telling me to go rest so I did. Thank you for all the prayers keep them coming. Love u all bye for now.
