Ministry to Sierra Leone, Africa; Town of Makeni
Pastor's Conference Day 1

Tony:

This God adventure takes us back on the road again to a new village, Makeni. Our vehicle broke down a few times on the trip, and it is amazing to see what God does with nothing on our part. He is an awesome God! We were met with a large group of intercessors at the crusade site and asked to pray. We spent the night in the home of the head of the pastoral council. Daniella is the #4 child of the family and a beautiful young lady 9 years old. She is here with me now and wants to say "A Good Hello To You in America!"

Casey and Emmanuel left after the introduction this morning to go to Freetown to pick up my lost luggage that has appeared. Yea God! We began the session with hunger on the faces of the people. How they can sit for hours with their jaws hanging down is amazing. They didn't even care about lunch, "just keep going, into another session, please!" Wow! In the middle of the teaching we called out a word to demonstrate prayer for the sick. A lady came forward and we went thru the steps, explaining all that we were doing. She had an intestinal disorder that has kept her in pain for 5 years, every day. Not a day without pain. All watched as the powerful love of God touched her. The people were just amazed to see how easy it is. Completely restored! Tears were in her eyes as she realized what was happening to her. At the end of the teaching, words of knowledge were just flowing like a river, about 12 of them. All but about 20 people came up and filled the front. We asked who, out of the people remaining wanted to do the praying. A number came to pray and we just assisted them. Healing miracles were happening very fast. A lot of eyes got healed today. Some asked for impartation immediately, not wanting to wait until Wednesday. One lady had heart pain and pressure. This lady is typical of what we also see a lot; as I began to pray for her I saw some inner healing going. As I began to declare the cleaning I saw Holy Spirit doing, tears of joy flowed. Arthritis in joints disappeared today (they were all women and just winced with pain as they tried to move their wrist and elbow joints) – everyone miraculously healed, eyes in various stages of blindness- all healed, there was so much and it happened thru the hands of the 2 pastors standing with me. **One lady just took off into a trance while she got her healing. Heaven is responding to the hunger in this place! KEEP PRAYING SAINTS!**

Louis:

Wow this is so sweet. Today it was just Tony and I, but that was ok. Cause we had God with us, sweet. Tony had a great message all the pastors were getting it so fast. It was like they were at the other teachings, but it is just the first day, go God! Tony had a word of knowledge for an abdominal problem that some lady had. Well, he went thru prayer for her slowly, explaining everything, to everyone's amazement, and she got a miracle healing. The lady was really touched also. When Tony was done with his message we gave more words of knowledge. A lot of people came up, most all of them came up for prayer. Well, like I said, it was just Tony and I, so Tony asked some of the pastors if they would pray with us. One lady came up not to get prayer but to pray, man o man, go God. You could see the love of Jesus coming thru her, it was so cool to see that. If I am right, all the people she prayed for got healed, sweet. I had a lot of people ask me to be there friend. Man, I got like 10 to 30 friends now. I feel like a kid, wait, I am, hehe. I got to pray a lot today. A lot of people just wanted more from God, so I prayed for more. I know they got it I could see it in their eyes. It is so cool being here, but I do miss you all. So, I love you all, and see you soon.
