Tony:

We weren't supposed to minister on this our arrival day, but some pastors came and said Please, so we said OK. There were not a lot of people, but they were very open.

One young lady that I prayed for said that she had an accident and broke her ankle and it didn't heal right. The doctors told her that there was nothing else they could do. **She said "I've been told that I can never again jump on my foot, I can never again fetch water (a task that all women here must be able to do), that I will never again be able to spin, twist or turn on that leg."** This is something that would have great negative effect on her life and womanhood. The pain was always there in her leg. There was also a lump where the break was. As we prayed the pain began to leave, but not all the way and the lump was still there. God was waiting for her to put action to her faith. He touched her enough to encourage her to 'go for the gold!' So I asked her to do what the doctors said she would never again be able to do. I said, "Do you believe He is touching you?" She said, "Yes!" Then go ahead and jump on that foot. **As she started jumping, a smile came over her and then she started pounding her foot on the ground. After a minute or so of this she stopped and we checked and the lump was gone and the leg was perfect straight and the pain was totally gone.** Our God is an awesome God! She couldn't wait to begin toting water. She felt like she got her life back.

When we asked if anyone else wanted prayer, they all came up. Everyone was touched or healed in some way.

Gary:

We got to the hotel today and a pastor showed up to see if we could minister tonight. Today was supposed to be a rest day but we didn't travel 9000 miles to rest, so we jumped all over the opportunity. During ministry time I prayed for a woman with back pain that was healed and another who had head aches that were healed. Many children came up to be prayed for for wisdom. The Lord also used me to give some prophetic encouragement. It never ceases to

amaze the look on peoples faces when God reveals their hearts and speaks to them.

Pst.Fredrick Ogara from Kenya:

I invited Pastor Tony Moto on the stage to minister the Word of God as led by the Holy Spirit.

Tony led the congregation in the Word of God from Rom.1:16., I am not ashamed of the gospel, because it is the power of God for the of salvation of everyone who believes... with many words he encouraged people to believe into the Word of God that is able to save, heal and deliver people from every kind problem.

Later he switched into the Word of knowledge, before he could say anything he asked if there was anyone from the team with the Word of knowledge, Gary stood up and said there is someone suffering from severe headache from time even now you are here suffering.

Pastor Ogara also stood up to confirm the same message but with expanded version, and explained that the person who is suffering from headache also has an ear problem that rolls down to the legs and this continued for a while.
Prayer time

- **The woman with deafness in one ear got instant healing** and also got delivered from all her pains from all over her body
- A young girl suffering from back ache and could not bend for along time also got her miracle.
- A woman whose husband had died left her with some properties a car being one of the properties but someone was planning to swindle the car logbook came on the line for prayers full of anxiety after prayer she received unusual happiness and peace for the first time since her husband left her to be with the Lord.

Day 1

When Tony and Gary reached in Lugazi, Tony ministered in the evening service, after wards we prayed for people:

- A woman got her ear opened that was not hearing for sometime
- Another woman who was so much depressed because somebody stole the money she was keeping as a treasurer of the church, Bishop Ogara

told her to forgive whoever stole the money and God will open a way for the money to be restored or God shall do a miracle. After prayer she felt relieved.

We were excited to see what God did on the first day.

Alex Achuti:

One crippled lady leaped into the air as the power of God touched her and made her whole.

Another with bad back pain and unable to bend testified of pains gone as she demonstrated by bending down and touching her toes with her hands several times. WOW! Gary and I smiled as we watched in AWE what God had done!

Lastly, Tony called for all those that wanted prayer to come and the whole congregation came forward. We poured out our all as we spoke LIFE into them!

What a beautiful anointing was there. The love and joy of the Lord was given to many and rejection cast out. My wife had to prophetically hold the ladies into her arms as a sign of the warm embrace from God for Divine protection over their lives. I shed tears as I watched these women sob on her shoulders....God help us to impart more of what we have into a hurting generation! There are more out there who hurt.

COME AND JOIN US! It will be the beginning of a NEW experience with God for you as He pours Himself into you and through you to others. You have got to experience this!

Bless all you who are praying and to God our Lord! It was only the first day!
