Lugazi Miracle Center Church

Tony:

Again, more personal prophecy going forth, declaration of His Word, then words of knowledge. We gave out about a dozen words and at least 75% of the people came forward. We prayed for a lot of people and for a long time there was a steady stream of testimonies going forth of the miracles the people were receiving. Seems like we prayed for a few hours.

I had the Pastor's wife helping me translate with the people that didn't know English. Absolutely everyone I prayed for was miraculously healed! All I prayed for were Christians already.

One young girl had a timorous growth on her stomach that could be felt and was painful. After praying the second time, **the large tumor was completely dissolved and she was pain free.** Another lady had a tumor on her stomach also and she too felt it dissolve under her hand. There is just something about the miracles that can be outwardly seen or felt that really gets people.

Many stomach problems.

Many with tormenting demonic spirits afflicting them in various ways:

- Head pressure
- Chest pressure
- Pains radiating around the body (I had one young lady put her hand on the pain as it moved, and the more I prayed, the more it moved until it left)
- Pains shooting through the body
- Breathing difficulties
- Fear of all sorts, especially prevalent with night terrors

Well, the devil had a bad hair day today. **There was a powerful liberating move of the Spirit setting so, so many free!**

There were a number of both young and old with ashma. They came up barely able to breath. One young lady especially had never known what a deep breath was like. As I turned to ask her to take a deep breath, tears were flowing from her eyes. I knew the work was done. As she took her first deep breath, the look of amazement filled her face! Oh, I love You Jesus!

And, as always, especially at the end of the lines, there were those with prayer needs not included in the words of knowledge. They just can't sit,

they gotta come. We taught many the prayer of authority as to how to pray for themselves today. What a wonderful day, thank You Lord!

Gary:

Uganda is a beautiful country, with mountains and much greenery. The people are wonderful that we have met so far. This morning we had a lot of people come up for prayer. I prayed for a lot of headaches that God healed, a lot of tummy aches that God healed. One lady had tummy pain, was hard of hearing in one ear, and had poor eye sight. God healed her! **Ears and eyes both open!** Another young girl said she had a tumor in her abdomen. After we prayed she said she felt light. **PRAISE GOD!** A number of people came up who were having nightmares and/or pain at night. The kingdom of Light has come to invade the kingdom of darkness, so we prayed for a kingdom invasion and all said they felt relief, like something lifting off of them. It was an awesome day in the Lord. So much has happened it is hard to believe it's only been 3 days.

Pastor Fredrick:

We all believe that seasons and times have changed and the Almighty our God is doing things in confirmation of His Word when He said, believe in me and also believe in my Father .....

Jesus also had compassion on the people that was the powerful message from Pastor Tony during Sunday service at Lugazi miracle Center; he also had a Word prophecy to a young woman encouraging her with words of encouragements from the Lord. She cried with excitement.

Tony asked the team to come forward with him on the pulpit, allowed us to minister to people through the Word of knowledge.

Gary Hall was the first one to come up with the Word of knowledge that was very true and real followed by the rest of us as a result many people responded and walked to the pulpit for prayer, almost every person my wife and I prayed for when we asked what they were suffering from, they were the very things that were mentioned through the Word of knowledge from the team. This alone gives me assurance of who God is and how he is using His people in our times.

I am also very thankful for Tony to be faithful and obedient to the leading of God. I can say I am the disciple of Tony on this kind ministry since the very first time he came to Africa Kenya in our church.

Some of the many Healings:

- A woman who was operated on through cesarean thereafter developed a tumor that has been growing and moving in her stomach painfully for many years. We prayed for her and the Lord healed her instantly, TUMOR GONE by the power of God. She even visited many physicians including witch doctors.
- A woman with a back problem **she couldn't bend for three years, she was instantly healed and was bending like a little school girl.**
- Another one (woman) had a severe headache on one side and was instantly healed.
- Many coughing and chest problems. One woman had for many years after prayer they felt her chest was free not congested anymore, she praised Jesus and said at last I am free.
- A young woman came to us, very much touched after hearing a message from Pastor Tony when he said in the beginning of his sermon that we need to know and understand God's visitation and the seasons we are living in, then she said please pray for me I want to live holy life, right now I am living with another man. After prayer she said I am going to move out of that home and begin a fresh with God.

#### Report From Emily

This is another day of Sunday the 20<sup>th</sup> May 2007. We went to church, service started at 10am after the 1<sup>st</sup> service had ended different groups were invited to give their numbers in Luganda language through praise and worship.

After Pastor Tony preached the powerful Word, the word of knowledge was released and it sharply touched many people and came forward to be ministered for, we saw the hand of God in a great way, almost everyone who came forward received his or her miracle, many deliverance, healings etc

- A young lady came forward to us said, I am just worried, we asked her what are you worried for? She said I don't know, I am just worried and I don't have peace with my husband always quarrel without any cause, I need to be released, we asked her, are you born again? Yes, I am born again.

She was led into confession and renunciation of the spirits of anger and unforgiveness then she was prayed for, of which she later testified that she felt free in her heart.

- Again a young lady who is born again but married to a Muslim husband, came forward for prayer, for every time they have money it just mysteriously disappear and at night they have horrible dreams of

being taken into graves, chased by serpents etc. we counseled her against false religion and also that all the spirits they encounter in dreams their origin might have come from there. We made confess and renounce the works of the enemy then prayed for her, the power of God came so strong on her, she fell down, screamed, when she woke up, she felt free and peaceful.

- A middle aged woman who is also a widow came forward with problems of fear, bad dreams and no sleep at night **she was prayed for and fell in trance when the power of God come over her. She was delivered and set free**, thank you Jesus.
- As we continued many, many healings took place mostly in backaches stomachache, pains in feet, hernias, tumor, coughing and chest problems all were ministered for by the power of the Holy Spirit. We give God all the glory and honor Amen.

Alex and Scholar Achuti:

The The Spirit of the Lord led Tony to call on those that the Lord wanted healed, through words of knowledge. Those with chest problems, side of the body problems, pains in the body, etc. to come forward. Pastor Tony called us to pray for the many people that came up. There were many healings and I will speak of a couple different experiences.

My wife and I had a unique experience as we found that Holy Spirit spoke as we ministered to the people.

1. One lady came and said, “pray for my children” and that is all she said. As I started praying, I found myself saying, I believe the Spirit of the Lord is saying, “You are lying. You have been lying many times over many things and even now you are in trouble, but you don’t want to say it!” Before I could finish she broke down and wept violently. We led her thru deliverance as she forgave many who had messed up her life. She blessed them and the Lord healed her!
2. An elderly woman, who felt hopeless and wished she could die just opened up before the Lord. She was suffering from the spirit of rejection. I led her to renounce and break rejection from her life. At one point she fell on her face as she felt the love of God overwhelm her. The Lord healed her. When she got up she thanked us for praying for her. We then prophetically blessed her and she had tears rolling down her face. She was free! Glory be to God!

Many, many people we prayed for testified of the Lord healing them. Our God is a faithful God. We are blessed as we bless others through prayers.
