

Mission to Uganda:
Thursday, May 24, 2007
Busembatia/Namutumba
Leaders Conference at Discipleship Mission

Pastor Tony:

Wow, my brain cannot comprehend all that God did today! It was to be a day for the Leaders Conference from morning till early evening and then a crusade. We were to get 3 days worth of teaching into one day.

We began in the AM with teaching on prayer ministry, healing and working with Holy Spirit. The people were very open and really into the teaching. Those eyeballs were just glued on me while I was teaching. We had a bunch of ladies come up who were in pain and an equal bunch of ladies who wanted to pray and see God's power come. We lined them up and they put into action the teaching so far. They certainly were persistent. A little problem though, three of the ladies needed deliverance in order for the healing to be complete and we hadn't gotten to the deliverance training yet. So the team helped out and everyone got healed. They were amazed at what they saw happen thru their own hands.

Then fast teaching on words of knowledge and the prophetic and we prayed for them to receive. This part of Uganda has been in a dry spell for quite awhile and in desperate need of rain. After prayer for Holy Spirit to release words of knowledge, a strong wind blew through the building, like a hurricane wind. There are no doors and windows, just openings. Then immediately the rain came, an intense, extremely hard rain. It was wild. We had people come up to give their words and then the people came up to respond to them, BUT the interpreter had to SCREAM at the top of his lungs for the people to hear him as the sound of the wind and rain was so great. I didn't get to hear all the words given as there were many, but I'll share some with you. The people were so, so, so encouraged to see how easy it is to hear from God, plus know that what they were hearing was for somebody.

- One man pastor had a word for problems with the legs and two ladies responded with a history of problems. He prayed for both of them and both received miraculous healing. This pastor came up to me and gave me a squeeze hug and said, "I am so excited to see how God will use me!"
- A lady pastor had a word that she received thru a vision for God restoring all the bad eyes. Now get this, there many that came with bad eyes (some of team had to help) and **EVERYONE had their eyes completely restored.** You should have seen this ladies face.

- A lady had a vision with the voice of the Lord (or an angel-not sure) that I didn't understand. The pastor interpreting for me instantly knew what God was saying. It had to do with the bad foundation of the church in Uganda and the reason why and how God was bringing revelation right now for the change. A lot of people responded to that word and the lady gathered them all together in a huddle and they prayed powerfully.
- One lady received a word of knowledge that there were those leaders in this conference that were still practicing worshipping the dead. They were conversing with demons that were impersonating dead relatives. That for many it began during a dream, then thru direct contact with demons and this abomination was greatly hindering their ministries. Now, I was shocked as many came up. The lady led them thru deliverance to be free of this demonic activity.
- There were numerous words for physical conditions-all healed, as far as I know.

At one point there were so many people praying that I had to help people out that needed assistance in their praying. It was quite a sight to see, bodies vibrating, falling to the ground, wailing as heaven invaded.

I concentrated today on getting others to pray, but here is a beauty of a testimony. A man brought a lady up to me as she needed help to walk. He told me "this lady needs prayer!" When I asked her what was wrong, she said that her right side was paralyzed and there was NO feeling in her right arm or leg. She said that in her church they prayed for her and then told her that her problem was her unbelief. What a way to mess somebody up! At that moment I was a bit distracted with all that was going on and I sensed no anointing. I really didn't feel like I had the goods to pray for this kind of a condition at that moment. As I began to pray I realized that the Presence of The Lord was there to heal. As soon as I touched her arm, she said "the feeling is coming back into my arm and leg!" I stopped and turned my heart to worship Him and instantly knew that **all the sounds I was hearing were the sounds of a heavenly invasion of deliverance and healing into the building**. I just spoke a few words and this lady was jumping up and down with excitement at her restored body. A powerful miracle, what a powerful day!

Gary

What a day! It started at nine with breakfast at the house of one of the pastor's. Then on to the conference. When we got there worship was going strong. I can't understand what they are saying but the Ugandan worship is

very free and lively. There is a lot of dancing and shouting. We try to keep up but some things, if we tried, we would break something. After worship Tony taught and then he had six women pray for six other women. We were just hanging around the back to catch and help out. It turned out that half of the women needed deliverance. One lady was on the floor for awhile. The pain was easing but wouldn't completely go. As a matter of fact it was moving around in her. Holy Spirit revealed that she had gone to a witch doctor, which she confessed to. **After going through deliverance she was totally healed.** Back to the Pastor's house for lunch. Then back for the afternoon sessions. Then the heavens broke loose, both spiritually and naturally. When we first got to his location we gathered for prayer as a team and the Lord gave a prophetic word that a mighty wind was blowing this way and it was bringing the rain. This afternoon the wind and rain came! For two hours it blew and rained. The structure has window and door openings but no windows and doors, so half the church moved to the other side to keep from getting soaked. The structure also has a tin roof. And when the rain came they shut off the sound system. It was really hard to hear. After teaching the people gave words of knowledge. A lady gave a word about bad eyes and a lot of people came up. Tony had me work with the lady who had given the word. All the eyes were healed. IT WAS AWESOME!!!! Some of the people had to go through deliverance but they were all set free and healed. Another lady came up with pain in her chest and stomach. After praying, the pain went into her head. She had been to a witch doctor so I led her through deliverance and had her command the spirit to leave, and it did. The smile on her face was priceless.

Fredrick Ogara

The response was good; in the morning the church hall was hall full, towards noonday the house was fully packed.

Most of us have used some crude methods when carrying out deliverances and praying for people, wrestling and shouting matches because of the old schools of thought that was inherited from those who were before us. The truths that we are receiving from Pastor Moto might seem new teachings to many, but it is biblical ways that if the church want to see the power of God move, must embrace these truths.

After demonstration, the leaders were allowed to put into practice these godly principles, they were amazed for the out come, and many whom they prayed for were healed and deliverances were recorded, later on some were heard saying that "surely ignorance is much heavier than a bag of sand", I

will be using these new ways to minister to people in my church, the leaders said.

Testimony:

1. A woman came to me for prayer; she said that she dreams being chased by a mad man and every time she sees such dreams the following day she passes through diver's trials and feel confused. This goes on for some days. Before praying for her, I asked for her brief background, she said that she was once insane, her parents took her to a witchdoctor before she got born again. I led her into confession, renouncing the ground she had given to the devil and binding the enemy, thereafter I laid hands on her and I asked the Holy Spirit to minister over her life, immediately the power of God came so strongly over her, I could also feel it, later she said "for the first time I feel delivered and I am free."
2. Pastor's wife had a problem with her painful monthly menstrual period, and every time she had one followed with a strong bad odor that lasts about a week, subjecting her great shame, she also said there was something that moves in her stomach (Tumor). I led laid my hands on her in prayer, being sensitive to the leading of the Holy Spirit, I heard Him telling me that she had spirits of bitterness and unforgiveness, when I asked her about it if it's true, she said yes, its true, can you repent and forgive all people that offended you and the ones that you offended? She said I could do that right now, I told her to go a head and do it. Thereafter I laid hands on her again and immediately the power of God descended on her, and she staggered a bit because of the power that was around but she managed to stand firm on her feet, later she said "I am free and delivered!", minutes later I saw her praying for people.
3. Later I met a young man whom I had prayed for yesterday during the crusade time, for wetting his bed in the nights, he was very happy because the demon that was on him for wetting the bed had left him, I blessed him in the Name of the Lord, I also found out that he was one of the leaders in the church where we held the conference.

Emily's testimony:

As we continued in Namutumba, the presence of God increased and the anointing was there to heal.

1. We ministered to a woman who was a former traditional priestess, and was now born again but was still bound, even though we were told that the paraphernalia and other tools of the former occupation were

surrendered and burned in fire by the believers. During praise and worship services, especially in high praises she could find her self bulging continuously loudly and dancing not to the tune of the song of the Lord but to demons that get hold of her and make her run around along the church pews. We made her confess and renounce all her former activities in occult world and confess Jesus Christ once again, and reclaim her ground back. (it is possible that the woman might have gone through the same process led by ignorant gospel ministers) thereafter when we laid hands on her she was slain by power of God to the ground and began sweating, when she came back to senses she felt lighter and free she said.

Alex:

We were taught from many scriptures. At the end of the morning session, Tony taught on the Sovereignty of God healing and doing what He needs to be done without even our faith. Then he moved to practical example and demonstration when he asked for people who were in pain to come forward and for those who wanted to see a miracle thru their own hands. It was a practical lesson for all of us to learn. There were six people who prayed for those who were sick. Two of them fell to the ground under the power of the Holy Spirit. All six confessed of the Lord's healing. I stood behind one lady who belched without end. I then saw there were demons coming out by God's power. Since we hadn't taught on deliverance yet, I helped out the lady praying by leading into deliverance and moving out the spirit of infirmity renouncing and cancelling covenants with demons that she had made, in the Name of Jesus. The Lord then instantly healed her of her infirmities. Now her real problem was in her leg and she suddenly realized even the paining in her leg was gone. She clapped and jumped praising the Lord wildly. We praise You Lord Jesus!

Afternoon session: Pas Tony really got into it with our authority that we have been given by Jesus. He talked about possession versus oppression and ownership and proper care of the house (our bodies) that we live in. He taught us deliverance principles and later had us practice deliverance with the person sitting next to us. Many people testified of having been set free, hallelujah!

- After a short teaching on words of knowledge (short due to lack of time left in the day), pas Tony prayed for all to receive words of knowledge. There were so many.
- My wife called out for those who had pains in their bellies and I called out for those that had a problem with their right hand, pains in the

shoulders and ankles. This was one time that we didn't just pray for one person but had many people to pray for as many responded to the words. We all had small groups of people to pray for. God healed all those that both my wife and I prayed for. One could not move his hand and one could not lift his arm past the shoulder blade, after prayer, they could, praise God! One lady, who had hand pains for a long time and could not grasp anything in her hand for some time, was able to use the hand to greet people. She was very happy.

- I then joined my wife; she had more and more people coming to gather round her for prayer. She would pray for one and two more would come, an ongoing supply. One lady had a problem of pains around where her umbilical chord was each time she had sex with her husband. Holy Spirit showed us of the need for deliverance. We led her into cancelling and disconnecting herself from the bad influence of the midwife that helped her out during birth. We then spoke new life into her and to enjoy this union with her husband.
- One lady had excessive pains whenever she conceived of a child. Before praying for her, under the influence of Holy Spirit, I asked her if she had ever miscarried. She said "yes, out of 6 conceptions, 3 gone and 3 given birth." This one we led her through deliverance. At the end of it she was really filled and really relieved and hugged my wife for a very long time. She said she was free and very relieved within her.
- Many others had similar deliverances and healings of the ones we have written here.

NOTE: MANY PEOPLE HAVE SAID TO ME: "THESE THINGS OF GOD THAT THEY ARE TEACHING US ARE VERY SIMPLE AND EASY TO FOLLOW, BUT WHY HAVE WE NEVER KNOWN THEM BEFORE? THIS IS THE TIME OF GOD'S VISITATION, I TOLD THEM! HALLELUJAH! THANK YOU, JESUS!"
