Crusade at P.A.G. Bumeru A

Pastor Tony:

It was clear the word of what Jesus was doing had spread to this village, situated with a beautiful view of Lake Victoria. As we approached it, a whole group of people started jumping and praising God and hooting and hollering the Name of Jesus. The children were very warm to us and couldn't stop touching us. As we danced and clapped they followed suit, it was quite a site.

It began with about 150 people responding to the words and gathering in a tight group in front of us. Many more immediately pressed into the mass of people as the testimonies of what Jesus was doing started broadcasting over the PA system.

**Only eternity will reveal all that was about to happen. The Lord was present to heal with amazing power. There was not one that I prayed for tonight that didn't receive a miracle. It is so easy and so exciting and so awe-striking to see Him move in this level of power.**

It became very clear to me tonight, THIS IS HEALING REVIVAL!! As one pastor put it "Our villages and our lives are totally undone, we have come ALIVE as our Sovereign God has chosen to come to His People!"

Here are a few different testimonies for tonight:

- Picture this: The people are so tightly pushed together that it looks like many people have two heads. Some ladies were about ready to get into fist-a-cuffs, trying to maneuver for the front position. After the first several miracles of healing, deliverance and salvation, there is little girl, maybe 7 or 8 that just somehow appeared in the front. It was just nothing but big people and then she was just there! When we began to question her, she said that there was bad pain all over her body and her skin was bad and she was very weak. We asked where her mother was and about 5 layers back she yelled out, "I am her mother!" We told others to move out of the way so mom could come up. **We asked mom what she needed and she said, "My daughter is a leper!"** Then I got a good look at the little girl's skin and put my hand on her arm and leg. Her body was wasting away. The skin was crusty and flaking off in spots and scaling in spots. She had trouble walking because the skin was literally rotting off her feet. Mommy didn't tell us that she herself had one paralyzed arm and extreme

weakness in her legs; she was just too concerned with her daughter. As we prayed for the child, she said “all the pain has left her body and something was happening in her skin.” Holy Spirit was literally restoring her skin as she stood there! We asked mom to check with her daughter and she excitedly verified that her daughter was healed. We then prayed for mom and her paralyzed arm was instantly restored and strength came into her legs as she leapt into the air. To see momma and daughter embrace and hold each other with tears of joy, as the thought that now their life together was not going to end, really got to me.

This story doesn't end here. As mother and daughter gave testimony over the microphone for all to hear, what I didn't know was that out of desperation, she had taken her daughter and herself to witchdoctors to try to get some help, but they only took her money. Now they had MET the Living God!

- This testimony is common for many that we had tonight: A lady had a growth in her stomach accompanied with lots of pain. **As we prayed she said that the tumor was moving around her abdomen.** I just love the looks on their faces, after prayer, as they poke all around their abdomens to try to find the tumor. They just bust out into praise when they realize what God has just done!
- A lady came with a paralyzed arm and hand and bad chest pain. She was holding her baby. She was ready to receive salvation and eagerly called on the Name of Jesus. Instantly, her paralyzed arm was restored. She still complained of some pain in her chest. As we continued to pray, she let out a yell that the pain had moved to her neck and she said that her collar bone was ‘damaged’. It was sticking out like it might have been broken before. As we prayed again, she winced with pain in the area around this bone. **We put our hands on the bone sticking out of her shoulder and began dealing with the tormenting spirits and she went into convulsions as the demons were being forced out. Her baby flew out of her arms and a person right behind her caught the baby.** We held on to her as convulsions continued for a few minutes. Then it was done; Holy Spirit had driven the last of them out and she was totally healed, including the bone in her collar that we no longer sticking out!
- A barren woman came asking for her womb to be opened up. After we dealt with the curses and other hindrances, we prayed and the FIRE of God came into her uterus. She was totally taken by the Presence and Healing Fire of God as **she yelled out for awhile, “I am on fire, I am**

**on fire, and I am burning inside!”** Again and again she yelled out the Name of Jesus! She testified of how she knew she was healed and would now have babies!

- There were mothers that brought their babies that HAD malaria. All of them, the fever instantly left and breathing restored. One little baby turned her beautiful little face to me and reached up with her arm and kept touching my face and staring at me with the new peace that filled her big eyes.
- One lady came with both of her hands in a clenched position. Frozen in this crippled state, unable to use her hands for anything. Life is already difficult here, when you have totally normal hands. I can only imagine the suffering this lady must have lived with in this condition. She freely received Jesus and then confessed involvement with the local witches to try to get help. Holy Spirit was moving so Sovereignly tonight that He just plain delivered her Himself, in a flash, and she knew it! We said, “ok, open your hands,” She looked at us with a big smile on her face and we watched both hands open fully and she began to touch us and touch herself and grab our arms and hands and squeeze! She went to give testimony literally jumping and screaming for joy!

Gary Potato Cokee:

The word is out in this area that God is doing some awesome things! It is amazing how fast the word spreads, considering it goes from person to person. When we pulled into the village there was a crowd waiting and they started cheering. They had great expectation of what God was going to do. And they weren't disappointed. This is the largest village we have been in. It is located on the shore of Lake Victoria, on a hill that rises from the lake. Less than a mile off shore is a small island that people came from when we arrived. What a beautiful setting for a visitation from the God of Creation. Even the children were bolder, only a few ran away when we would hold out our hands to shake theirs. They were jumping with us, dancing with us, shouting with us, waiving to the Lord. The smiles on their faces are so precious. At one point I had one child rub the hair on my arm and the next thing I knew 15 kids were rubbing my arms....at the same time! I thought they were going to rub the hair right off. While we were playing and worshipping with the children, I looked over at the pastors and they had some pretty stern faces as they watched us. The people were dancing and singing and shouting to the Lord. It was really awesome. We prayed for 40-50 people and had 10 salvations along with the healing. Here are a few:

- Two different mothers brought their babies who had malaria. One of the mothers had chest and stomach pain. Her grand father was a witch doctor. After leading her thru deliverance and breaking generational curses she was totally healed. Then we prayed for the baby and the fever left.
- Another mother came with headache, chest and stomach pain. She also brought her 6 or 7 year old child who **she said a demon would talk out of her. Her grand father also was a witchdoctor.** We led her thru deliverance and after prayer she was healed. The Sovereign Presence of God was very strong. When we prayed for the child there was no manifestation, or falling to the ground. After a minute or so I felt the freedom come. We asked the mother to check; mom looked at her face and said she is OK. She is Free!
- Another girl or 13 or 14 came for prayer for headache and chest pain. As we started to pray she got rigid and started to manifest but Holy Spirit shut it down right away. She remained rigid and was swaying, but no screaming. This was God's show, His stage to reveal His glory and He wasn't sharing it. After 60 seconds or so I felt the oppression lift. She said she felt Free!
- A man came with chest, stomach and back pain. We prayed and the chest and stomach were ok and the back was "somewhat ok." This man was not a believer but after God began to touch him, he asked Jesus into his heart and God healed his back. He had been in pain for 2 months. He bent over a couple of times and would straighten up smiling and praising Jesus!
- An older woman had stomach and leg pain. She couldn't take a step without pain. After prayer she was jumping up and down praising Jesus and laughing.
- Another mother and child came who was suffering pain in head and stomach. She had gone to a witchdoctor before she became a Christian. After deliverance she and her child both were healed and free. Later she was dancing and smiling as she worshipped the Lord.
- Many again with headache, chest, stomach, back and leg pain and were all healed!
- Another woman came who was having trouble with her neighbor who wanted to kill her over her land. Before she became a Christian she had gone to witchdoctor to bless her land. After deliverance she felt relieved and was smiling.

When we pulled up, they had a section roped off. I told Tony it looked like a wrestling ring. (Eph 6). When we started giving words of knowledge, Frederick told the crowd, "If this is you, step into the ring!" It really wasn't much of a wrestling match, kind of like a midget wrestler going against Hulk Hogan, or a battle royal where the last one in the ring is champion. Jesus was doing some major demon body-slamming and throwing them out of the ring. In the end He stood alone as the "Reigning World Champion" and we, His People, were all winners! HALLELUJAH!!!!

Fredrick and Emily:  
Bugiri Day 8 Bumeru "A" Crusade  
June 4, 2007

We are now completing three weeks of the intensive meetings none stop since 19<sup>th</sup> May when Tony and Gary touched down at Entebbe Airport Kampala Uganda joined with Kenya team. We have witnessed a unique time; God has been ministering in such power to more than 250 – 350 people who have been attending daily in the crusades, from village to village.

We have been covering about 160 Km driving daily and sometimes meetings from 3:00pm through 9-9:30pm, then getting back to our hotel near midnight.

Each meeting is filled with preaching testimonies from those who have been touched by God of what God has done to them, and they urged others to come and receive also what they have got. Muslims in some areas could wait till its dark then would sneak in to be prayed for, to avoid victimization.

**Many pastors say that this is what they want, they had never seen where people just get saved without an altar call being made,** it is a unique design and strategy Pastor Mukaga of Baptist church commented...

Back to today's crusade at Bumeru "A" we arrived late than the expected time, however, people were waiting for us, when arrived we found many people lined up to receive us at the beach of lake Victoria, as the praise team were busy putting equipments together in readiness for praises, others were enquiring whether they can be prayed for while others wanted to receive salvation.

When Tony was invited to the stage, to minister the Word of God to a big number of people who were assembled before him, he told people about Jesus and the power in His Word to heal, deliver and set free because wherever He went He did good, and he promised to be with us always. He assured them of what He was about to do to them and if He does not heal you, then kick us out of this place, Tony said. I heard someone say behind us, as we were seated listening to the Word, how can you say that people will be healed unless you are God? He had no understanding, as yet, of what we have been given in Christ. BUT, he was about to see it! Later he called for the team forward to minister alongside with him into the Words of knowledge:

### **ANOTHER TESTIMONY COMES IN OF ANOTHER MIRACULOUS HEALING FROM AIDS!!!!HALLELUJAH!**

#### **SOME MORE TESTIMONIES:**

1. A man who came forward paralyzed on his left side arm touching the ribs down to the leg, was healed after prayer, we later asked him to try out his leg and arm, he raised the hand and shook the leg that was paralyzed and they were perfectly healed and strong and the ribs were no longer stiff. He praised the Lord we also joined him in praising the Jesus.
2. A woman with leprosy that had affected her hands, fingers and on top eyes brows and she had a child who had also been affected with leprosy. We prayed for them and God healed them both, she could fold and unfold her fingers for the first time after many years, **the deposit of leprosy on her face JUST DISAPPEARED BEFORE MY EYES!** It was my first time in the ministry to see a leper cleansed through prayer in the name of our Lord Jesus Christ even though I believe in His power. We all praised Him, and then she went forward to testify of what the Lord had done to her.
3. **We saw the sovereign power of the Lord in that place, things were happening beyond our human imagination,** the Bible became a tangible reality, it was a complete work of the Holy Spirit at work, those suffering from malaria fever were completely healed, many backaches, headaches, chest pains, tumors being dissolved and disappear and those with partial and full blindness went home completely healed.
4. A young woman with heart condition heart condition for along time, she also had a bad report from the doctors that there is no cure for her. When she came forward I looked into her face as she was

explaining her condition, she had no hope to live, the enemy had bombarded her with dreams of death and her coming forward for prayer was to try and see attitude. After prayer I watched her face had brightened up, she had a smile, we asked how she felt, she said all pains are gone I am free pains in my chest are gone, my breathing has changed and I can breath with a lot of ease, we asked her to thank God for it.

5. An HIV/AIDS woman came forward for prayer. She had lost hope to live because it was common knowledge that no one with that infection in this area lives for they all grow thin and die. She is born again and a member of a church. I led her into confession renouncing her former relationship that led her into the disease. We closed the doors that she had allowed the enemy to come into her life. She also forgave herself from self condemnation and forgave all those that helped her get into the problems. She had boils all over her body including her private parts. According to her, it was very, very painful. **When I laid my hands on her, she immediately went into a trance.** Her body became very stiff, with help of others she was laid to the ground under His Power! When she came to, I asked her about her condition. **She said, “Look, look, the swellings and boils have DISAPPEARED and I have no more pain** and I have such Peace on me!” With a huge smiling face she said, “I KNOW that I am healed!” No medical verification yet, but I know we have seen one more HEALED OF AIDS/HIV!
6. Two women came at different times for prayer. One had something in her stomach moving and sometimes causes her to feel like vomiting and another one a tumor in her stomach very hard like a stone. Both of them had visited physicians, witchdoctors and had also sought prayer people who use candles and red cloths. These are demonically influenced by spirits of divination. We led both of them into salvation and deliverance and miraculous healing came powerfully!

Alex & Sclar:

The evening breeze from the lake gently brushed on our faces and the waters that silently splashed on the shores completed the quick observation of this village. The population was big as some people crossed from the nearby island to come and be prayed for. What about the houses? They are grass

thatched small, temporary structures that house people who mainly earn their living from fishing on Lake Victoria.

This day we arrived and found people waiting for us. The stage was set for praise and worship team to begin worshipping unto the Lord. Bishop Fred invited Tony to preach.

My wife called out for those who had problems with the eyes, neck and back pains. The Lord had shown me the night before two ladies who were in praise and worship, but had a problem with lust of the flesh. When I saw that in the vision in my dream it shocked me and I almost vomited, but was woken up before I could throw up. Some testimonies:

- Yes, the two ladies showed up and went to Tony's group, but he quickly brought them back to my group and my wife and I prayed for them. One lady said she loves to sing unto the Lord but is preoccupied with men in her heart. She has been struggling with that for many years. The second lady has been struggling to get rid of the lust in her life, but in vain. I took them thru deliverance by confessing Christ as their Lord and Savior. We disconnected them from their ancestral lineage by renouncing the spirit of immorality in their families, breaking every covenant made with them. Breaking soul ties of the men they have had sexual relations with and forgiving them, cancelling and nullifying the power of bad words spoken to one another. Attached their soul to Jesus and declared ruler ship and authority over it, filling their hearts with the Holy Spirit. We then imparted the spirit of worship into their hearts. The love of God to turn their hearts unto Him and to worship Him in Spirit and Truth. They were very excited that God had heard their prayers.
- A man who had problems with his eye sight and also a 'stone' (hard ball) in his stomach for 3 years complained the pain could not go. We assured him of total healing in the Name of Jesus. Hew received salvation as he had not as yet. We prayed for his eyes and cast out the spirit of blindness and commanded the restoration of his sight in Jesus Name. Commanded the stone to be dissolved and disappear. Holy Spirit began to fill up every part of him and cleanse him. We declared peace and wholeness. The man could not see clearly, **was overjoyed to find his eyes open and the stone GONE, MISSING!** He jumped up and down and clapping his hands in praise of Jesus!
- For 5 years this woman had fire burning in her stomach. Pain stretched all the way around her waist touching her back. She had gone to many pastors but no changes. She had given up. We prayed for her first time but no change. She then renounced the words spoken

against her by her parents and led her to forgive them. When we prayed, **the Fire of the Holy Spirit touched her and she felt the fire burning her whole body and all pains were gone.** The smile of joy found its way on her face. The Lord Jesus had healed her.

- A man who had no feelings from his waist down had also a stiff back for many years. He could not bend easily or fold his knees. WE cast out the spirit of infirmity. Holy Spirit to fill him and commanded every organ in the body to function fully according to God's purpose. Declared that every sensory nerve for feeling to be activated in Jesus Name and the legs to feel. Receive renewed strength NOW. The Lord healed him INSTANTLY and could now bend over, go down squatting and jumped up and down a few times. He was totally healed!
- We prayed for several people with back and chest pains that the Lord healed.
- Several people received salvation.
