

Mission To Uganda
Tuesday, June 5, 2007
Crusade at E.H.C. Bumeru B

They had it in their minds that the last night we would preach from a boat in Lake Victoria (like Jesus did in Matthew 5) to a crowd gathered at the shore. Both Tony and Gary got in the boat together so both could preach and in case the boat tipped they would enjoy the experience together. The purpose was to break the curses from the water spirits that many believed in.

As we have no more time, here is a summary of last nights ministry from the whole team:

- Here is a real biggie: A lady came from another village that we had been at, just to give testimony. **She said, "I had received prayer for AIDS/HIV and had it checked and I AM TOTALLY FREE OF THE VIRUS AND I AM GOING TO LIVE, PRAISE JESUS!"**
- Typical of the villages, either parents or someone in family line was or is involved in witchcraft. Many have been led thru deliverance and curses broken. Many of the children have charms around their waists. They are from the witchdoctors and are supposed to protect from demons, but in reality mark the person as a target for demons. This stuff is very real and many here live in ignorance of the devils trap. A large percentage of people that were prayed for had some 'thing' moving around inside of them. BUT these folks have now seen a major invasion of God's Kingdom driving out the kingdom of darkness. He has heard the cries of His people and released the ministry of liberation.
- **This was a night for drunkards to get saved**, many came and gave their lives to Jesus and received delivering power over the alcohol.
- **This was a night for Muslims to come to salvation**, many just coming and saying, I must receive this Jesus, He is the true God! Others, after experiencing the healing touch of God gave their lives to Jesus.
- A few woman came complaining of stomach pains. They had some children years ago and since then she have not had any, they believe some women (practicing witchcraft) had taken theirr placentas and used them to bewitch them and caused them to be barren. For many years they have not had children, but consistent stomach pains. She wanted to be delivered out of the situation. We prayed for them in

deliverance and broke the curses and the Spirit of the Lord came over them and they felt a fire burning in her stomach and in their womb and felt a relief over their whole body. The Lord had healed them all. We told them all to go home and have babies! They all smiled!

- Many persistent coughs, demonically induced, all healed.
- Many back problems and persistent headaches and many children with inability to remember or concentrate in school, all healed.
- Many mothers brought children with malaria, all healed and many mothers told of how their children were tormented during the night. The story was typical: child would wake up screaming, sometimes convulsing, sometimes in pain and always covered with fear from nightmares or direct demonic visitations
- The spirit of arthritis has been very active here. Many people with pains in joints all over their bodies and lots of difficulty moving. We watched the liberating power of Holy Spirit set them all free with lots of people jumping and dancing for the first time.
- Various body parts that were paralyzed was typical for all meetings. That crippling spirit was forced to leave one body after another. It is awesome to watch them use that body part for the first time in many years. God is so good!

Gary Potato's final note: I believe God has brought freedom to this area that has been oppressed for maybe centuries. And I believe that the revival fires that have been kindled here are going to spread out like wildfire consuming much of this part of the lake. We are expecting to get reports about what God is doing for a long time to come!
