

Mission to Oregon, USA, Summary

This is the first official USA mission launch for Living for Jesus America. After many years of ministry to the Nations and training of thousands of church leaders around the world, we have been directed by the Lord to bring this impartation to the American Church.

This summary is a compilation of the reflections and notes of the LFJ team members and statements from some of those we were blessed to minister to.

In a desire to show the effect of what God did in these six meetings, we will begin where we ended this mission, first with some statements made at the end of the meetings and then with what we saw in the last two meetings and then some testimonies from the first meetings. Our desire is that church leaders around the USA will desire this to happen amongst the believers of their local assemblies.

Here is a statement made AFTER the meetings ended: ***“Just spent the last 4 nights at a meeting in Tualatin with Pastor Tony Fire, which was the most encouraging, uplifting, empowering meetings I have been to. His teaching of the Word is refreshing and revelatory, giving the believer the knowledge that God is with Him and backs him up when he steps out to do Kingdom work. Some of what he taught I have never heard before from any other minister but it resonated and confirmed many things the Lord told me 15 years ago. He didn’t just tell the ‘what’ of the Word, he also demonstrated the ‘how’ and released the Body of Christ to do. Very refreshing.....thank you Sharon Tata for bringing Tony and the team to Oregon-love to all of you”***

One of the team members, Donna, stayed in Oregon after the rest of the team had returned back to Florida. She writes: “I attended the Women of Purpose group where we held our first meeting. I encountered some other women who were also sharing their transformed hearts with us all in the group. At various times I heard ‘Well, when Pastor Fire said..., it hit me and I got it!; the Word of God, the Scriptures became so clear; I have clear direction now, I can’t wait to go out and minister,...” “Another sister spoke about how much her life was impacted

through Pastor "Fire's " teaching, and also another man on the team named, Chris. This brother truly touched her heart with words from the Lord that revived her and transformed her life."

We began with a group of believers that came out in response to an ad that was placed in the local newspaper. New people were added on and came for the first time each day being drawn by Holy Spirit.

The training was on continual instruction on moving with Holy Spirit to effectively demonstrate and bear evidence of the life and power of Jesus. This particular meeting brought truth on the Gifts of Holy Spirit and how any believer, at any stage of growth, can receive and function in whatever gift is necessary. The meeting ended with nearly everyone present receiving and functioning in gifts of healings, miracles, wisdom, knowledge and faith. One after another the folks brought forth the words of knowledge they had just received and then proceeded to pray for the person in the meeting that word was for. It was an amazing sight to see the Body of Christ functioning this way. From that we saw healings, miracles, deliverances and faith released like "they had never seen before!" Everyone in the building was engaged to some degree in releasing or receiving life changing blessings. This should be normal to the Church and we have been commissioned to release it, All Glory To God!

Here are some testimonies and statements made during this meeting:

- "I saw the Spirit leading me with clarity and simplicity unlike ever before"
- "tonight was a major breakthrough in my life physically, for the first time in many years, I have experienced deliverance from debilitating breathing and digestive problems and I am free!"
- " I am so excited to actually experience the Truth. This is amazingly simple to receive from Holy Spirit His gifts to bless lives"
- "Major lesson for me this evening: Trust in the Lord's leading and lean not to my own understanding (Proverbs 3:5) in ministry. Let him lead out of the heart he gives me (his heart) and the Holy Spirit's words and actions through me."

- “the truth was presented clearly, concisely and with examples”
- “this is the first evening that I received a word that had to do with a physical condition. I immediately got a word for ‘choking’. A woman came to me who would cough and feel choked up in her throat. I released the healing flow of Holy Spirit through the part of her body, that all the cells would yield to the power of Jesus...other conditions manifested in this lady. End of story: she said it was the first time in years she had felt so free of what she was dealing with.”
- “this night is exactly what I needed. My marriage has been shattered and I didn’t realize until tonight my need for deliverance. I not only got free, but I found out how to stay free and help others get free. I am so grateful to God for what He has done!”
- “hope, self-esteem, faith, discernment, love, peace, joy, laughter, freedom, both gifts and fruit of the indwelling life of the Spirit, were presented and evident to those gathered in Jesus Name”
- “God took us further into His Word, where Holy Spirit actually moved mightily revealing ‘how to be witnesses’ like Jesus wants us to”
- “Many returned tonight with testimonies of healings. Most declared that they have been empowered to walk in this teaching. Praise Jesus.”

For the last evening the saints came with a new confidence and faith that their lives will never be the same as they go forth in power. Not with a wondering or skepticism but with a knowing they will be demonstrating Gods Presence and Power. There were new people here tonight that heard about the healings and miracles that Jesus was doing and they wanted it for their bodies. During ministry time the LFJ team released prophetic words, healing, deliverance and baptism in the Holy Ghost for all that wanted. Well, everyone wanted and came and got double and triple blessed with prayer from multiple team members. It was amazing to see what Holy Spirit did. The realization of being called into ministry hit a number of people tonight.

- A man came for prayer and said “I was given up for dead but God saved my life. I am now ready to go for God. I need strength to finish the race that I have been given!” We prayed and as Holy Spirit came upon him and released life and new strength, he began to jump powerfully and way up in the air!” He ended with tears of joy flowing from his eyes and with confidence that now he will begin to walk as Jesus walked.
- A woman came for prayer and said “I need a complete overhaul! I was told I need a new heart, I have arthritis all over my body and I walk with pain, especially in my knees.” She said that now she sees that she does not have to accept that any longer. We prayed and Holy Spirit came upon her, and her entire body began to vibrate. She watched as the infirmities left her body and she was so thankful. As with most others, we prayed for fresh baptism of Holy Spirit.
- One woman said that she had received prayer and treatments for a back condition for many years but it had not changed. I could see the faith on her face that tonight was going to be different. I prayed the first time and she said that there was a “very slight” improvement. She was amazed at how excited I got. I prayed again and she said it was about 40% better. OK, time for her to use the Authority of Jesus she has. She prayed for herself 2 times and saw total, complete recovery. The joy of the Lord came upon her and she said “it has been awhile since I had this release of joy” Well, welcome to the kingdom little one!”
- God is so amazing, the longer I know Him the more amazed I am...He loves His Children so. He created us to enjoy In Joy and it’s so much fun sharing the fact that Jesus came not only to bring us Life, but LIFE MORE ABUNDANT. As we watch this realization come across to His children and we see them get FREED up, it just pours out exceeding Joy as we watch them realize who they are in Him! Out of that Joy comes power and strength in our/their lives and it’s just so amazing to watch as people, many who have been His for years, to realize who they are in Him and what they’ve already been given. To show them how to live in that

freedom, I just can't describe the elation as I watch them "Get It"
...Freedom and Power followed by Signs, Wonders and Miracles!

- People stood in front of me and God just poured out His Love, encouraging them and blessing them. Several of the folks have ministry in them that God has been preparing them for. I saw new boldness being raised in many as they are stepping into what God has for them. I can see how God has used us to give them a sort of infusion as they prepare to take this region for God. Many have experienced healing and deliverance and are excited to go into this region allowing God to work thru them to set the captives free. We showed them that the power, strength comes in the stepping into it, action causes The Power of God to come out of us to touch those around us with His Love.
- Tonight was amazing worship; you could just see the people being drenched in the Holy Spirit.
- The truth of The Word was so genuinely received it was tangible. The anticipation we experience from the beginning just magnified. We have been so well received and the reports of what God has been depositing into them, has confirmed our mission here.
- Most folks asked two or more team members to pray for them. I saw lives transformed. The countenance of the people had changed during our time together. Praise, thanksgiving, and Joy filled the sanctuary. Reverential awe swept across hearts as God poured out His blessings. Truly, it was a night of new beginnings, filled with hope and promise for the saints of OR.

Here are assorted testimonies from the other earlier meetings of this mission:

- One lady stands and says "as for me, I will not miss one of these meetings, I came the first night with pains in my body but the worst was the passionate fire that I once had for God and to bring His Kingdom to a hurting world. I have been physically healed but the big thing is that I have had the fire of God rekindled and I now know nothing will ever stop me again!"
- A man that came with diabetes two nights ago and received prayer gave this testimony. I checked my sugar level and it was high 400's. After getting

prayer and leaving I went to McDonalds and chowed down on the kind of stuff that would make my sugar level go up more. The level was so high that I knew (with my head) that I would need an insulin shot before going to bed. Yet something happened to me at the meeting, I just knew God had done something for me and I said no to the shot and went to bed. Now, medically, that was a stupid move, BUT God, I just knew (with my spirit) it was ok. I awoke in the morning feeling good, I checked my levels and they were NORMAL! Amazing, just Amazing!" All glory to God!

- One of the ladies that we met on our very first day meeting came with her son. She had been suffering with debilitating pains all over her body for 40 years. She said everyday of her life lived in painful torment. She was more interested in her son's healing than her own. She said she just wanted to see her son healed. I told her the good news was that God wanted both of them restored. In the first meeting she got the knowledge of the truth about Gods will for her and that this was a major turning point for her. Well during prayer we prayed for her son first. He said "I have OCD, am autistic, cannot hold my own thoughts, am very nervous and unsettled in everything.." I asked if he was ready to end this mess. He was very talkative and said Yes, I am ready. As I began to pray for him (including deliverance from demonic activity), momma had her hands on his shoulder and back and began weeping as I was praying. At one point his draw dropped and I saw the composure change on his face from the "nervous look" he came with to "peaceful look". I asked him what was happening and he said "I have never felt anything like that, I feel very peaceful and my mind is calm!" I blessed what Holy Spirit was doing! Thank You Jesus! Now I looked at momma and said "your turn!" We prayed and the constant burning that was in her thighs was instantly removed and she said the tormenting pain in her body was down to 40% of what she had been living with. We prayed again and she said it was mostly gone. So we had her lay her hands on herself where the remaining prayer was and she prayed. She began weeping and asking God to please complete this healing work He had begun. I stopped her and said "pray this way, pray from your position of dominion (the authority of Jesus He has given you) over this sickness and

tell it where to go! It was like a switch got turned on and BAM she declared to the tormenting spirits NO MORE! She finished that prayer and said “for the first time in 40 years I stand pain free!”

- Another woman responded to a word of knowledge for a problem in her neck. She said this has been a problem for quite a while. She said that she thought it was from tension. We asked who would like to do the praying. An older woman jumped up and said “that would be me”. She came up and I was doing a little coaching as we went along. It was a good demonstration of watching the pain move around her body and the afflicting demon was being moved by The Anointing, to deliverance, to the prayer of command, to team work and another coming to finish the process. It was so good as the end of it all was No Pain and relief being given. Kind of like getting a Holy Ghost body massage, only one time does it all.
- One man asked for prayer for a diseased bladder that swells up and he has to catheterize himself a number of times a day. Another man stood next to us, I thought to watch. When I said let’s pray, I looked at the other man, he smiled and shot his hand over onto the other man’s problem bladder and just began to speak words of authority. He prayed a powerful, authoritative prayer, looked at me and said “you know, with all that we have been taught, at some point it has to click. It has just clicked for me, I got it!” OK, for everyone reading this, when did it click, when did it hit for this man that he could do the works of Jesus? It clicked when he stepped into it and did it himself! Hallelujah!
- The Spirit sung a song of love and deliverance into her ear, which she received tearfully. She held me in an embrace that would not let go, and held my hand for the duration of our time together. Her countenance changed dramatically as she experienced restoration, renewed hope and faith as all gifts coming down from The Father of Light. She began speaking positive affirmations about her salvation, the ministry she shares with her husband, and God's love for her, and learned that she received "power" after that the Holy Spirit had come upon her many years ago. Truly, God has delivered her, is delivering her and will deliver her.

- As we entered into worship to our King tonight we were brought to a place of AWE in Him! We came to total silence as we were basking (and that word truly isn't adequate to explain) in His Presence. We have learned that what matters is what He is doing. Our God is multifaceted in His Glory and Splendor and will often emphasize a particular aspect of His nature and can and does reveal His Glory in many ways.
- There was a hush that came upon them, some were weeping, you could just see the Lord washing over the people, it was such a privilege to watch The God Of The Universe touching, washing, healing, invading His Children.
- I prayed over a man who had bad back pain. He had me keep my hands on his back and you could see the pain was leaving his back, so I just kept my hand there. It was so hot on his back. He was a missionary and just returned from Africa. He loved to worship to the music. Nice to see a lit up man like us.
- Prayed and laid hands on sweet sister who had Asthma. The Lord touched her and revealed the healing in her body. She learned how to lay hands on herself and speak life over herself. Encouraged her to use her holy hands to speak Truth and Life over her family, in Jesus Name! At end of session she testified of her healing and claimed she feels like a 15 year old.
- Prayed and laid hands on young child with infirmity (fever, runny nose), The Lord had me teach the mom to pray healing and truth over her Daughter. The Lord so touched the mom when she realized the authority is in her by The Holy Spirit. I was just undone to see The revelation of The Lords love for His children.
- A young man with lung congestion said he felt his lungs clear.
- In response to one of the words of knowledge a man "felt" something snap in his back today while he was working. It was causing him pain from his back around down into his leg as he tried to walk. After a couple rounds of prayer, he watched the pain leave as he walked around the room!
- a man was delivered from demonic oppression, fear, and a critical spirit, as the Holy Spirit reaffirmed Him in his TRUE identity in Christ. Severely abused, neglected, abandoned, and rejected, Spirit poured into this mans

tattered and bleeding heart the supernatural "freedom" in Jesus' name to forgive those who cause insults and injury. Others took note of the beautiful transformation of John's countenance. By faith he consented to receive the aid of the Holy Spirit's help to lead him into the "rest of Jesus" spoken of in the Bible. "There still remains this day a rest for the people of God to enter into." Jesus stood before him and released him from a critical and judgmental spirit and empowered him to forgive. In doing so, he was able to enter into God's plan of reconciliation and restoration, as Abba Father affirmed him in his true identity as "My son who I love."

- They said "I am free, I am free!" There were lots of tears as liberation came to hurting souls. I will never get tired of watching Jesus set people free!
- One man that I got to pray for was recovering from cancer, he had a painful hernia. He said if he pushed on it than he could feel the pain. We prayed and when he pushed on the spot where it was, he said "there is nothing, no pain, nothing!" Glory Hallelujah!
- My favorite was a woman, again with multiple healing issues, including deliverance needs. As I began to pray for her, I began making declarations of truth over her life and body. She began to cry, yet smile at the same time. She kept moving backwards all the way thru the sanctuary and ran right in to a trash barrel. It was as if when her taco hit the trash barrel the final release came! Man oh Man, God is so amazing! He can do in moments what we work years trying to get fixed!
- I prayed for a man with stomach disorder and he said the pain was gone and he felt like "clean" in that spot. A woman with arthritis all over her body, unable to move her neck, joints swollen all over and "cysts" in her face and neck. I love it when they begin to realize Holy Spirit is releasing His Anointing in their body. We saw the pain removed and ease of movement. She left proclaiming the truth over her body and excited to watch God complete the healing with any remaining swelling!
- The big thing tonight was the transformation in the way these believers saw themselves and the way they spoke about themselves. It is always amazing to hear someone start out saying all the long list of "issues" they have as if

that is their identity and to watch them be touched physically and then to begin proclaiming over themselves who God has really made them to be. To watch them begin to speak authoritatively over the powers of evil afflicting them! Glory to God!

- One of the ladies I prayed with had major neck pain. As it turns out, it was a bi product of stress in her life. Once Donna and I saw God take her thru divine deliverance the neck pain (that she'd had for like 12 years) went away! She was shaking and in a great deal of pain when I first started praying over her. Chris got a picture of her with Donna after the deliverance and her healing; it is just precious what God did for her. Pain free and delivered; now that's what I'm talkin' about! Wahoo!
- I had a word of knowledge about someone with sharp pain in the eye area. A woman came up who had had a cornea operation and she was having sharp pain in that eye. I prayed a short prayer commanding the pain to go in Jesus' name and asked her what was happening when we finished praying. She looked up with a huge smile and said Wow, it's gone!
- Two other people came up with eye issues and they were instantly, miraculously, healed. Life in the Son is so awesome! God is such an awesome Father, lovely and true!
- The Lord is mighty in this place! Words of knowledge released and able to hear The Lord clearly, about when to deliver them. Had a word for sore toe/ingrown toe nail. The lady stood in faith for healing, and before hands were laid on her Jesus healed her. Got word of knowledge concerning womb to be opened. Not given corporate, but later Jesus had me believe for a 46 to have her womb open. The sister was sensing The Spirit confirm the healing, weeping and joy abundant...praise Jesus!!!
- God moved me to go to the cook in the back, David, I discovered he had a bad pain in his back. I laid hands and prayed and instant miracle; he cooked the rest of our dinner without pain! His girlfriend received prayer too for healing and it was her birthday and she got a present from Jesus of a miracle healing in her body also.

- A man couldn't breathe as his sinuses were packed. I prayed for his sinuses. They cleared up instantly! He was so amazed at the instant transformation.

I give thanks to God Who sends us to declare the gospel not in word only, but in demonstration of power and The Holy Ghost! I give thanks to the LFJ team that have died to themselves to give of all they have for others. I give thanks to Melody for her surrender to The Spirit of Worship to take us in deep. I give thanks to our loving intercessor family that major frustrates the efforts of the enemy and stand with us and for us.
