

FEBRUARY 11, 2005 STANDERTON, SOUTH AFRICA REPORTS

FULL GOSPEL CHURCH

PASTOR TONY:

Tony:

Thanks to all who are praying for this mission. It has become clear that we are in the midst of a plan that our Heavenly Father had in eternity past! A plan to release to Standerton the experiential understanding of Jesus the Christ in the life of His Body of believers.

First meeting, wonderful worship and opportunity to share with these leaders truth that will set them free! We moved into releasing words of knowledge and then stood in awe, again, of participating in this wonderful Gospel of the Kingdom.

A number of folks would tell us of one problem and as healing or deliverance came, then they would tell us of more items needing a touch from God.

A lady had left chest pains and we prayed and BAM gone, then on to the hip that has made moving around difficult, BAM gone, then on to her jaw that has had pain, BAM gone, then on to her ears having difficulty and BAM gone! OK, good start!

A man has something crippling going on with his feet and ankles, not sure if it was an accident or how it happened but he said that when he walked a ways his ankles would just collapse and he would fall down. After prayer, he wanted and said, with a huge smile on his face "it is completely normal now!"

A man with asthma and poor vision (he could not see distances without special glasses, which he was wearing). Prayed a fast prayer for spirit of asthma to leave him and for his lungs to open up. He began to take deep breaths and with amazement on his face said "I can breathe, my lungs are totally opened up, I am well!" I could see faith on him now, we took off his glasses, prayed and said "look around". He began to look around the room. He said "I can see clearly the faces of

those sitting far away, that before were nothing but a blurr!" He took his glasses and put them in his pocket

Then another woman came with same issue and I had this last man do the praying. He watched as Holy Spirit flowed thru him to get this lady's eyes opened! There was an immediate positive change after his first prayer, and then progressive increases with each subsequent prayer until it got really good for the lady! Now this is so amazing to watch!

A man with lower back vertebrae problems. Now it was clear he was in pain. Sometimes you can just see it in their faces, sometimes you know it in the Spirit, sometimes they just tell you. Prayed one time and he said "I is better", but there was no smile yet, so I knew to pray again. Second prayer I asked him to start moving around and doing what he could not do before and, BAM, this big ole smile comes over his face and he said "it is completely restored!"

A lady that had some kind of foot accident. There were scars on her feet and clearly swelling and something out of place in the feet. She said it was painful to walk. Prayer and BAM she said pain is gone and as she started walking she said "I am restored!" I could see something was moving in her foot as I was praying, glory to God!

A man that said he has for years been struggling with issues and has gone to many deliverance ministries, but has not been helped! I showed him the simplicity of Deliverance and helped him thru the process. I just a minute he said (I felt it leave me!) Glory to God!

MAMA NANCY:

Thank you for all of your prayers. Travel was uneventful and VERY long, all of the luggage (all 23 bags) arrived well, and we were met at the airport by Patrick and Ann, and our super sweet and organized hosts, Amanda and her husband. We hopped into our "caravan" of vans for the 2 and ½ hour drive to Standardton, our base of operations for the week. Our hostess has arranged for the most

wonderful guest house for us, huge rooms, comfy beds and yummy meals. Tony and I are staying at her home which is absolutely beautiful, and we are being so spoiled!! (Chocolates on the pillow, etc.)

Standerton is a farming community, a mixture of black and white citizens, and a large muslim population. Today we were privileged to go to a local school and orphanage to bring the clothes, books, crayons, and candies to them. This is such a fun part of our mission, and we want to thank all those who donated to this. The homemade little girls dresses and handmade blankets were a real hit.

We had our first meeting at the Full Gospel Church, and were blessed to have Patrick and Ann lead worship. Tony preached on the focus of our ministry and then got into words of knowledge with many coming forward for prayer. I believe we saw 100% healing, and as I didn't get to pray, I will let the others reports tell what they experienced.

Keep up the prayers, they are our lifeline.

South Africa Reports – Dick Evans

Day 1 Ministry at Full Gospel Church

DICK EVANS

Arrived to be greeted in the parking lot by many friendly believers excited to see what God was about to do. Patrick introduced everyone on the team then he and Ann ministered in music. The glory came and filled the church. Dawnmarie had a word for the church. God gave me a vision of a train and led me to say that the church has been moving forward in the plan of God and nothing, nothing, nothing the enemy the enemy does can derail those plans. Then Tony did teaching on our authority and power to lay hands on the sick and see them healed. That Holy Spirit, the spirit of Christ is in us and we have it all.

When finished he had a couple of words of knowledge then asked if any of the team had any. I had a word for a left heel. A woman came forward. Then a couple of others came forward. I confirmed that it was her left heel and asked if I could lay my hands on it. She removed her shoe and I knelt down and laid my hands on her heel commanding healing and for pain to go. She picked up her foot and rubbed her heel and all pain was gone. Thank you, Jesus. The woman next to her had a problem with both feet. As she leaned on them or walked in sand she would have lots of pain. Again I knelt down as she took off her shoes. I commanded the pain to go. Immediately it left. Praise God. Another had left foot pain and a burning in her right leg. Laid hands on each area one at a time and God healed them both. Later on she was prayed for by a man in the church who had received healing in his eyesight and her eyes were healed too. Then a woman came to me with ankles that would give out on her in pain. I commanded to the ankles to be healed and for strength to come into her ankles. She tested it and found no more pain. Sally and I were praying for a woman with pain in her knees all the way down to her feet. We had her grab her knees and command healing from her knees to her feet, for all pain to go and not return. She stood up and all pain was gone! Then Tony and I prayed for a man with a number of issues. My part was his ankles and his belly button. The ankles were healed. In addition to commanding the belly button to go back in I commanded for fat cells to dissolve. A powerful night all around! Thanks you, Jesus.

**MARIE SMITH:**

Your prayers were answered! All our flights were on time and all luggage arrived with us and we are all well. The favor of the Lord is on this trip. We are living in a large modern guest house. No need for hammocks or mosquito nets. This area initially looked completely like a USA suburb. However today we went out to a visibility poor area on the way to the orphanage. My heart was broken as we drove past garbage dumps and such ....but hugging the children ....sweet faced

chocolate face children....really did me in. The Lord has much for me to. Learn and experience here and I am wide open.

Chris Bowersox

Was led to a man who then told me he had diabetes. Patrick and I laid hands on him and commanded healing. We asked what he was feeling and he told us felt much better. Praise Jesus!

JESSE BROWN

Last night we were blessed with an incredible worship followed by an inspiring message led by Tony. As I stood in the front of the church and the praising coming over from behind me, my heart sang out as well. It was during these moments that a man behind me cried out I am the Son of God, I will worship you. God spoke to me through this cry and brought His Spirit calling out to my soul. This same son, later in the service came forward for laying on of hands and was healed. Praise Jesus!

Casey:

I have come to realize that I always start all of my reports off with Wow, so to follow suit, WOW. This was only our first day of ministry, but it was a great one. Our day started off with going to an orphanage\school to hand out candy and new clothes we brought. As normal I found this lil precious girl that was clinging to me. I would love to take her home. It doesn't matter how tuff you think you are, when times like this arise it feels like you are just spooning out your heart for these children. Then you find out just how tuff you really are.

This evening was our first meeting and Patrick and Ann were leading worship. It felt as if we were back home at EBC. Only this time I wasn't playing the bass. I got to fly my worship flags. I must be honest I loved just being able to get lost in the

worship tonight. Tony gave a great intro message into what he was going to be teaching later this week. Then the team released some words of knowledge and we began to minister to the people. The first lady I prayed for was having lower back pain that traveled into her hip. Within moments or as we like to call it "instantly" all the pain left her body and she could move with ease now. She was excited to say it mildly. The next woman I prayed for was having a bunch of trouble with her ears because of a sinus infection. I placed my hands on her and again instantly all the pains she was having left her. Just like that. She was shocked with amazement and said I can't wait to do this stuff too. I told her you will be with a huge smile on my face. Then I had a man come up to me and ask if I would pray for his back. "Heck ya" I said and placed my hands on his back and commanded the pain to go in the name of Jesus. It took two shots of prayer but all the pain left and that's all that counts. The last lady I prayed for was suffering from the very same attacks that my wife has encountered with her stomach. The doctors were trying to place her on all kinds of medications to try and fix her. She said this was only causing more issues. I have been and still am standing for my wife so I knew exactly what to pray against for her. She just started to weep softly as God began to touch and heal her body. I am excited to hear back from her later this week to see how God is healing her body. What an awesome day today. I want to thank everyone that is covering us in prayer. Blessings. Later ><>

MARIA MEDINA:

God visited with us as we loved on the children at the day school, actually the children loved on me! All the children played and sang songs with us....touched my heart. I was able to pray with the staff and they also touched my heart.

The evening service at the full gospel church allowed Pastor Tony to deliver a powerful message concerning living in the fullness of the authority of The Spirit. Words of knowledge came for jaw pain and I was able to lay hands on her and Holy Spirit instantly healed her. Young woman asked for prayer and The Lord gave me word to allow her to be healed from spirit of shame and guilt following divorce. Prayed for couple that is to be married soon and want to have worship

ministry together. The Lord encouraged them to press in thru all trials. He gave them the vision and He will be the provision.

## SALLY DROST

On Wednesday, February 11, we began our journey with Amanda who drove us around Standerton and showed us the places we will be ministering. The neighborhoods that we passed were very interesting in that the infrastructure was broken. As we passed through, much intercession was offered. Many praises were raised when we saw the remarkable difference in the places where God is working.

The most precious visit was to a care home for babies and a school for preschoolers. They were overwhelmed when we handed out treats and duffle bags of clothing. Many hugs and smiles were our rewards.

Evening worship found us at Full Gospel Church. Holy Spirit filled the atmosphere with love and healing and miracles. Wonderful events occurred. I had a word for a man standing in the back against the wall. Little did I know he was the pastor we will be working with. The word matched with the message Tony gave.

A woman with ear, eye and knee problems came forward. I had waited and she was the last one without a prayer warrior. After laying hands on her, Holy Spirit healed her. A short teaching on her own authority followed as she laid hands on her own knees and received healing.

A young girl slain in the Spirit received a vision about her old rusty crown being exchanged for a new one. As she talked with me later, she revealed her conflict within her mind and we prayed for her helmet of hope to be strengthened.

During praise and worship there was no doubt that Holy Spirit had invaded the atmosphere.

## TERRY MATIS

I am very thankful for the Favor of the Lord over our life. The living quarters, food and the hospitality are amazing. Our first day we went to a school to see the children. I could have stayed there all day. We went from classroom to classroom. We brought 450 lbs of clothes and dropped them off and actually dressed them. It was priceless and taking pictures of them and showing them the pictures. They loved seeing themselves on camera. Last night we went to meet the leadership. Pastor Tony gave an amazing message. The enemy was trying to keep me asleep. I fought through it and God used me in a powerful way. I prayed over a girl named Faith whose ankle completely got healed. She said, "I don't have any flow of blood from my knees to ankles. So I prayed and felt the blood flow from her knees to ankles and so did she. It was amazing and then the Lord started using me in the prophetic and he gave me so many words over people. It was a fun night.

## DAWNMARIE:

Wed, we went to an African Village with a School/ Orphanage. There we met preschool children, their faces were just staring at us, they did not know what to expect. The Lord placed upon me to sing as it would bring a voice that they could relate kindness too, their eyes lit up and the children began to approach me, I began to pray in song, the Love of the LORD touched their Hearts, Thank you Father. The Team Started to Sing I've got that Joy Joy Joy Joy down in my Heart and the Children and Team Sprang into A Holy Ghost Dance filled with freedom and Laughter and Joy. We all then Blessed the Children with 500lbs of Clothes, Shoes Handmade Blankets and Dresses .

Wed Night we went to Full Gospels Church God lead Patrick and Ann to Amanda's church just 3 weeks prior to us coming; the Lord Knew there was a need as we did not have accommodations for us all. Pastor Tony and Momma NANCE Patrick and Anne all stayed at Amanda's home, Amanda is a Pure Servant and Friend and Daughter of God and she knows who she is. Amanda's family has opened their

home and found a beautiful Home that housed us all in Safe and Beautiful atmosphere, Amanda's Mom, Paulina has cooked for us all every day, pure Africana food.

Wed Night we all went to Full Gospel Church where Amanda is an intercessor, Amanda to me is a woman that God has led to Lead Africa into the wisdom and knowledge of God with a Sweet Spirit filled with Truth and Love, ready to give what God has downloaded in her. God has lead Pastor Tony to teach the Release of doing the Word of God, and to be Filled with the knowing of who God's people are.

When I first entered the church God showed me a little girl that she was going to be used in a Mighty way to bring leaders together, to later find out that she had the same prophecy over her.

I prayed for a man who had pain in His body and the pain was instantly released.

I was led to give a word to a Man that God told me He was a leader and there was a man that was 2 seats away from him and I asked if He knew the other man he said yes I spoke to him that God was going to use Him as a support for the leader and that their relationship would be swords sharpening swords.

I Spoke a word that God gave to me there was someone crying out night and day, day and night they did not come up God led me to her I shared with her that she had a Love a deep Love and we prayed for restoration and later found out that she was a Pastor as Her Husband for the Church we were going to in the morning.

The Lord then led me to two others a husband and wife and God told me that He was using their Marriage as a Commitment to the people of how God has made a Commitment to us to be as One, I found OUT THEY WERE Pastors too, I Prayed that they would not lose Faith.

Then a young Girl approached me for prayer as she was no longer having visions and dreams from God, the Lord showed me that He was doing a new thing in Her that now she would walk in Faith as she already knows what the people need , I found out HER NAME IS FAITH.
