

## MISSION TO ZAMBIA 2019

Another Amazing Adventure in the Exploits of God. This is a summary of some of what I saw and received in the Spirit as I co-labored with Holy Spirit in ministry to the beautiful people of Zambia. You will hear me say in this report, again and again **“I am humbled”** as I repeatedly stand in Awe as I witness the Love of Christ displayed in great power and how privileged I am to witness it! By “humbled” I mean “it is only by His Grace, as I believe, that I am seeing what I am. And I truly know that it is Holy Spirit’s work and it is absolutely essential that He be involved and I stand in continual need of Him to manifest!”

Again, and Again it is so clear how we are not to lean on our own understanding. As missionaries of The Most High God, we are to be yielded to His leading and His direction and to know that He is directing our paths. In Eternity Past He prepared the works for us to walk in and remaining yielded to Holy Spirit assures us that we will not miss His Plans. Hallelujah!

As we drive from the Airport to Kitwe, where I will be ministering for the week, the first thing I noticed was all the billboards along the road. A number of them said in BIG Letters **“GOD BLESS ZAMBIA”**. With a picture of the current President and his 5 predecessors. Saying “54 Years of Peace and Stability” and “Together we can make this Nation Great!” Often, I can a sense the spiritual atmosphere of the Country once I step off the plane and we begin driving to our destination. I can tell you; the demonic realm is being restricted in this country thru an active praying church. There was Peace in the air!

So, the first day begins with our driving to our hosts home to pray for his family. There we met Grandma who is unable to walk without someone assisting her and in serious continual pain. As we prayed relief began to come immediately. She was up and walking on her own, although very cautiously slow and as we held her hand. She said the pain had departed, glory to God! Then we prayed to bless the household, marriage and children. I am always amazed at how the children of these Countries know and respect the Presence and Lordship of Jesus and the value of Godly blessing. I am humbled! Then one of the leaders of Pastor Stephens church who were there asked for prayer for a condition she had in her leg. She said it was very painful and made getting around difficult. As I prayed it

was a sudden bolt of power as Holy Spirit came upon her, she let out a screech, as He touched her, and she said “I am healed, I am healed, thank You Jesus!” The report that we got back the next day was that in fact miracles had occurred in their lives! All Glory to Jesus!

I remember reading about when the early Church started, they were under heavy persecution, and when someone new came into the village claiming to be a fellow believer, they would send that person to pray for a sick person. Only IF the sick got well, then they would welcome the newcomer into their fellowship. Amazing isn't it, how the SIGN of a believing believer being demonstrated in that they heal the sick! The false belief that only a select few with special gifting can heal the sick has infected much of the church. But that is CHANGING now!

I do not yet understand why it is that when a believing believer who is yielded to Holy Spirit shows up into a situation where there are people that have been waiting years for relief and have had multiple people pray for them and multiple medical treatments, that it is then that the breakthrough comes. But **I am humbled** by what I get to see Him do!

Now we move on to the start of the Conference. Multiple churches and multiple denominations gathering together for this Church Leaders Training Conference. I was told that the Conference would be 2 days long and that there were no outreaches scheduled. Ok, well, I silently said, “we will see what Holy Spirit will do with this time!” When we got into the second day of the Conference, I found out that everyone was rearranging their schedules and now the Conference MUST go the entire week. Pastors were saying “you should stay with us for a month, we need to continue to receive This Gospel, we have never SEEN anything like this before in our lives!” Knowing how Big Our God is, I knew He would accomplish His purposes in the week that I am here. When I suggested that Saturday morning be given to take the people in the Conference out to the village to do house to house evangelism it was received with excitement. I will get to tell you a little of that outreach later in this report.

Before I began to speak, I wrapped my arms around my interpreter and prayed for complete unity in the Spirit and that nothing would be lost in the interpretation. In fact, I prayed for what I have often seen, that he would get even further revelation to explain even better in his native tongue than I am. He later

gave testimony that it was a most Amazing Experience being in the Holy Ghost river and flowing together with Holy Spirit and myself. He said there was No having to think about how to say what I was saying in his language, he said it just “flowed”. **I am humbled!**

As I began to speak, I was talking to them about the need for Unity in the Body of Christ and that denominational lines need to be removed. Then I said “I am waiting for even the Catholic Church to be represented in these training conferences” and some pastors in the front said “hey, this man here is from the Catholic Church!” Glory, Glory, Glory Hallelujah! **I am humbled** as I see divisions in the Body disappearing! As the response of all in attendance was tremendous, I have to say that I glanced over often to look at the man from the Catholic Church and he was smiling, laughing and appeared to be full of the Joy of the Lord as he was receiving The Gospel Message!

Often as I begin to Teach, He moves me into demonstrations of Power and the Holy Spirit, as that often begins the shaking of “Religious Tradition and Doubt” off the people. As most are looking to see if this is REAL or just another person come to “Talk” and to show what “They” can do. I gave a couple words of knowledge for healing and people came up and I began to demonstrate the simplicity of praying in faith in Jesus Name understanding what He has already done for us. Holy Spirit loves to bring Glory to Jesus and His Finished Work and I love to co-labor with Him! Very quickly most everyone that might have come into the meeting with skepticism is now sitting on the edge of their seat hanging on the words being spoken and attentive to make sure they don’t miss anything. After the first person was healed, as I explained slowly what I was doing, then I had that person pray for the next person. I like to quickly begin to dispel the idea that I am “the man of God” who God is using to do all the miracles. As the person I have pray, who usually is someone that has never seen a miracle happen thru their hands before, prays with my coaching, then BAM the miracle is released. I ask everyone “Who did the praying? Tell me who did the praying? It wasn’t me, was it?”. Ok, we are starting to break off some tradition here. Some people who know the person doing the praying might have thought, “oh, Tony picked the wrong person, he isn’t holy or a Godly person, no, God is not going to use him!” So, Holy Spirit begins to show us the Grace of God! I love it, I totally love it!

After a number of miracles happen: various body pains being removed in a few seconds, I am back into the teaching. I look at the faces of the people, they are intent on what I am saying. The Anointing is being pulled out of me into this room full of Big Sponges! **I am humbled!**

Every session was Filled with His Presence, in Praise, in Worship, in The Word opening eyes and piercing hearts, in Holy Spirit Amazing all of us with Testimonies coming forth from the people. The Testimony of Jesus (of what Jesus does) is the Spirit of Prophecy (It is showing us the Reality of His World and His Work Manifesting).

There were many times of prayer for people, with my attempting to make each one a time of training also. Here are a few more notes on the prayer times:

- As I get others to pray, it is kind of funny watching them give body massages or shake and vibrate the person's body like that has some kind of positive prayer effect. The people laugh when I tell them not to do that. They laugh because it is a common ministry style.
- Some people with very poor vision got instant clear vision as others prayed for them. I don't know who was more shocked, the person getting healed or the person doing the praying.
- A lady with one eye that completely stopped working. The eye wouldn't move or look around, there was just a dim light but no activity. Hospital could not help her. She thought she had to live with it. In the meeting that eye was not only not working but was paining. She got prayer and her eye started working NORMALLY.
- There was a lady that had difficulty walking and moving her legs. I had someone pray and then I said watch this, and started dancing and asked the lady with bad legs to start dancing with me. Immediately she did, eyes really big as she realized what had just happened to her. The people rejoiced.
- A man with very bad vision. I asked, "are you born again?" he said "I don't think so, but I want what you are talking about." Now these meetings are supposed to be for Church Leaders, but we always get all sorts of folks that come in and add to the fun. Well, we led him in salvation and his vision was

restored! When Jesus came into him, He came in with Sozo and not only gave the man eternal life but also healed him at the same time.

- Lady needed two people to bring her up. Looking at her face, she was in agony. She said her legs were like cement sticks, just heavy weights that she didn't even have strength to lift even an inch off the floor. Prayed, she said I feel them getting lighter, I can move them, I can move them, then she started taking some steps on her own. I will never forget the change in composure of her face. She went from a grey pallor with stress lines (wrinkles) all over her face and neck (obviously from the continual pain) to a vibrant, bright, clear face with a smile as big as a face can give. This miracle literally changed the way this ladies face looked. I would have loved to have a picture before and after! Glory Hallelujah! And again, I say **I am humbled!**

On the fourth day at the end of the session, it is announced that all those that have "signed up" for special counseling sessions are to stay and all others can leave. They called up a group of Bishops and Pastors that I assumed would be doing the counseling. They were speaking in the local dialect and no one was interpreting so I didn't really know what was about to happen, figuring I would be leaving now to go back to my room to rest. So, they make a big semi-circle of chairs with all these "selected leaders" sitting in them. There was a chair in the middle that I assumed was for the person wanting counseling. All the people that had signed up for counseling were gathered in the back of the building awaiting their turn. I had no natural idea of what was about to happen. I was about to enter into another Holy Spirit prepared **humbling**. When everyone was in place, they put another chair in the center facing the person coming for counseling and *they called me over to sit in that chair!* I asked "can you explain to me what we are doing?" They said, "you are going to counsel each person in the power of the Holy Ghost and all these leaders are going to listen and watch and agree with you, so that they may learn how THE SPIRIT OF COUNSEL operates thru you!" I thought, WOW, this is pretty heavy. Again, **I am humbled**, as I fully turn my heart to HIM in full reliance that every word will be from HIM. Now, during the teaching sessions in this conference I have emphasized how Holy Spirit lifts us higher, takes us out of the flesh and worldly situations by showing us who we are in Christ and exposing where we have simply believed wrong and showing us Truth. How He

always works in Love. I will not go into any of the specifics of each person's situation, but will tell you **I was major humbled** as Holy Spirit spoke words of liberation, freedom, encouragement to each one. I watched as words came from me that I had No Human Way of Knowing, but words that could only be spoken by Holy Spirit Who knows the hearts of all men. My God, even as I write this, I am crying thinking about what Holy Spirit did. Tears flowed from each one as Gods Heart of love was released. The liberation could be seen, could be felt by all. The leaders were in unison saying "amen" and "amen" as I finished with each person a prayer of blessing! At the end I was told "That was totally Amazing" to hear God speak encouragement like that setting each person free! **I am humbled!**

The next morning, I heard testimonies of very fast answers to that ministry and prayer. One was a lady that had been trying to buy a house for a long time and was told that "it was not available". In the morning she was contacted by the people and told "you can have this house if you still want it!" Wow, hallelujah, the Favor of God, **I am humbled!**

Here's another one: Another lady said that her husband had left her, abandoned her with her children and went off to riotous living. After ministering to her and having her give over her husband to the Lord and let go. The next morning, she declared that her husband came home last night repentant and they are reconciled! This is amazing! **I am humbled!**

#### **NOW THIS TESTIMONY IS TOTALLY AMAZING:**

When this young man was giving testimony of what happened to him the people started screaming praises to God, jumping and in full blown jubilee. Because there were others seeking my attention at the same time, I somehow missed the content of what he was saying and Did Not Understand until later when I was listening to the recording and God opened my heart to what had occurred.

It was during one of our prayer times when we called all up for prayer at the end of the service. I called pastors to come pray also. One of the pastors was praying for a young man (maybe in his mid-20's) and he started manifesting wildly. The pastor began to try to contain the young man. I told him to let him go, to make some room for him and he went to the floor. Others wanted to try to restrain him while he was flopping around the floor. I told them all to stand back. I got down on the floor and began speaking quietly for any demons to lose him and the peace

of God to cover him. It only took about 1 minute and he was free and laid still basking in The Peace of God. After praying for everyone we asked for those to give testimony. This young man took the microphone and said this: **“I used to be in church all the time, I have not been in any church since 2014. Today, I was at home and SUDDENLY I was here standing in this building right when this man says all who need prayer come for prayer. I came for prayer and something left me and God has touched me. I DO NOT KNOW how I got from my home to this meeting!**

Again, **I am humbled!** For all who are reading this, do you see it, do you see how Holy Spirit **transported** this young man from his house to the church just in time to get prayer to get free of what has been keeping him away from relationship with the Lord? The people in that church building saw it immediately when this young man gave testimony. I totally missed it until I had listened to the recorded testimony again! Ok, this young man was not even aware of the Scriptures that talk about how God does this sort of thing.

How about this Pastora Lady: After hearing this Good News Gospel and seeing powerful demonstrations by Holy Spirit she gave testimony of what happened to her on the way to the meeting. She said, “now I know my purpose, I know my assignment, I know what I am here for! As I was walking along the road I saw an insane man just wandering around in a field picking up trash and looking at it and the thought came to me, that there are no insane people in heaven and this is not right and as the Ambassador of Jesus, I am going to forbid that thing to operate in the man and I am going to get him free. So, as I walked toward him, without screaming or yelling, I spoke to the demons harassing him and commanded them to leave this man. I continued on declaring as I walked to this man. I got to him, looking into his eyes and said Jesus has paid to set you free, receive His deliverance and healing! And the man, who could not talk anything intelligent before looked at me and came to his senses and into his right mind and began to speak normally!” My God, I now know who I am and Who it is that is with me and He Will Do It!” All Glory to God!

**When we went on Outreach on a Saturday morning when the most people would be around their homes:** We met together and formed many teams to head out into the surrounding village to evangelize Jesus style. There were 6 with me

and off we went. It was a wonderful time of training as we were presented many different types of situations for training. After each encounter we would gather together on the side of the dirt road and I would talk to them about what we had seen happen and how to yield to Holy Spirit and not to quench Him.

It is easy in these nations as the people are very open and are often doing laundry and work Outside of their homes. We saw there are religious folks in every nation and they like to argue scripture. We saw that our mission is to love the people and to refuse to enter into the trap of arguments. We saw those who were very skeptical at first and did not admit to any problems in their lives, UNTIL they saw the love flow, the healing flow from us to one of the others. Then they would line up and say “can you help me too; can you do that to me to?” And for those that were lost salvation was easy once they saw a demonstration of Holy Spirit touching them! We saw “Sozo” salvation clearly demonstrated by Holy Spirit with many manifestations. Glory to God! The favorite memory of the team was when we got to a house where there was an older woman in a reclined position laying in the shade out front. When we told her about who we were and what we had been sent to do she said come with me. She took us into her house (one room house that had a couch and two chairs that just about filled the place). And she got down on the floor with another woman to make room for their guests to sit. When we asked what we could pray for the older woman had been many years in such bad pain, producing an inability to walk or get around to do anything without extreme difficulty. When we prayed it was BAM and she let out a little screech, got up and started moving in complete healing. It was a shock to her and the other lady that in a moment, the faith of some believers apprehended the finished work of Jesus and this lady was free! The entire atmosphere of the place changed that moment! She walked us back out to the street with a big smile, carrying the Peace and Joy of the Holy Spirit. I believe a new evangelist was commissioned that moment! **I am humbled!** All Glory to God!

At end of the Conference, to watch the pastors praying for people, gently but powerfully, with confidence and full of love, brought tears to my eyes! Thank You Jesus! Truly **I am humbled!**
