

see. Everyone felt the Awesome Presence of God and no one had to tell others that God was there!”

This site was dedicated to the Muslim gods because they thought it belonged to them as they have consecrated the ground during their Ramadan. They tried all they could to stop the crusade, but now this ground has been clearly claimed by God.

This weeks crusade has brought approximately 500 salvations that we know about and we are sure, countless numbers we do not know about.

- There were so, so many people with neck, spinal cord, back, stomach, arms and shoulders, legs, feet, ankles, waist, hips, head, eyes and ears, arthritis in all parts of the body that were miraculously healed tonight. So many that we cannot even begin to count. There were hundreds. They were nonstop to give testimony for a long time.
- A girl had skin itch for 5 years, nonstop every day. She had traveled many, many places for help but tonight after she was prayed for all the itching instantly disappeared. There were so many with itches for months and years that were INSTANTLY healed tonight.
- A man had severe body pain since 1993 as a result of being shot IN HIS DREAM. He was jubilating and celebrating his healing upon receiving prayer.
- A child that received healing said her mother had carried her from hospital to hospital. There was no cure, but when contacted the power of God, she was healed instantly.
- A mother brought her daughter 3 years old that could not walk, she had never walked. She was prayed for last night and brought the daughter tonight to give testimony because the little girl woke up in the morning and just started walking perfectly. Glory to God!
- A lady testified that her son could not stand by himself and doctors told her that he was crippled and would never walk the rest of his life. Healing came quickly to his body and the little boy was able to stand and walk by himself. Oh, how happy mamma was to see what God had done!

- A lady said she had suffered severe back pain for 5 years and needed assistance even to walk. She was healed INSTANTLY after prayer. Wow, she was praising God.
- A little girl said that she could not see clearly, her sight was very dim. She could see anything, anywhere when she was prayed for. Praise God!
- A boy said he suffered back pain for 15 years. He was healed INSTANTLY.
- Another girl said that she suffered from asthma from birth. She had never known what it was like to smell. She received INSTANT healing after prayer and her lungs opened up and she could smell. She came to give testimony tonight that she got prayer last night and had it checked out today and was declared miraculously healed so she came to give testimony.
- A lady said that she had a tumor in her stomach that was very large even on the outside. After prayer, she was amazed as she tried to find where the tumor was. It was totally gone, completely disappeared! Glory to God!
- A lady said that she had regained everything that she had lost since the crusade started. She thanked God for her deliverance.
- A Muslim man that had no job received a new job after prayer at the crusade. He gave testimony that he came the first night of the crusade for prayer and on Tuesday got a job and came tonight to give testimony. He said that Jesus truly is Lord and he asked the Lord to save him in front of all the crowd!
- A lady said that she and her daughter were instantly healed after prayer. They were both sick with malaria for over a year and the hospitals could not seem to help them. The lady was not going to ask for prayer for herself, she wasn't even going to tell anyone that she too had malaria; she just wanted her daughter to be well. INSTANTLY, BOTH of them received healing and all symptoms left. This lady was totally amazed at how much God cares for her.
- A girl said that she had lost contact after the war, with her parents for 5 years. After receiving prayer, the next day, her parents found her and they were reunited. The family declared the awesomeness of God!

- Many people regained their sight tonight, probably 10 or more totally and partially blind people got their sight back. One little girl could not go to school because she could not read the blackboard. After prayer she jumped up and down as she could see very fine print at long distance.
- A lady said that when she came to the crusade the first night. She had a dream and three dogs came to kill her in the dream, but she killed them. Then the dead dogs changed into snakes and she killed them also. She came the next night and got prayer again. The next day, three dogs actually came to attack her and she physically killed them all. Then she got a severe headache and pain all over her body after killing the dogs. She came again to the crusade and got prayer and all the pain left her and she felt that she was totally delivered of what it was that was coming against her. She gave glory to God!
- A woman suffered from marine spirit. This spirit wanted to marry her. She was so embarrassed, she came for prayer the second night. This spirit comes to her during the day. She fought, but felt totally helpless. During the time that Pastor Tony was releasing the power of God over the crowd, this woman was attacked again at the crusade ground but saw an angel come and over power the demon and bound him up and take him away. She declared total, final deliverance as the Glory of God came.
- A girl about 20 years old said it was difficult for her to go to church; she had no desire to be a Christian. The rest of her family were Christians and were coming to the crusade. The last night (tonight) all the family left to go to the Crusade and left her at home alone. All of a sudden someone spoke to her and said, "You must go to the Crusade!" She came not know what to expect or why she was there. During the time Pastor Tony was releasing the anointing and the wonderful Presence of God came, she began to weep because she knew that she was a sinner and needed to receive Jesus. Right there, standing in the crowd, she lifted up her hands and received Jesus as her Lord and Savior. She said that she now knows absolutely that Jesus is real and living in her.

- Pastor Kettor's Aunt came from the interior very sick. She was sent to the hospital but was still very sick. She wanted to attend the conference, but was too sick to come. She came to the Crusade, with severe pain all over her body and when she was prayed for she got INSTANT healing.
- An elderly woman said that she could not feel her right hand and arm for the last 3 years. She received INSTANT healing and was demonstrating to all the people as she moved all her fingers and giving glory to God!
- A woman said she had surgery in 2001 and had been suffering with severe pain ever since. She said that this sickness has killed many people. She had been taking very constant medication and nothing would help. But only one thing could help her, it was Jesus, and what a sight to see her jump over and over on the stage.

Casey:

Well tonight was our last night for the crusade and did it ever turn out to be a huge God blow out. I know how much everyone dislikes it when we start our reports by saying we just don't have the words to explain what happened. Well I think for a first time I have the words that would sum it up. Yah, ready? Here I go... HOLY, HOLY, HOLY. How's that? Well that's what happened tonight. I will try to explain the best I can, but...

As we arrived to the grounds the worship was already rocking and there were people dancing all over. That in its self was a cool site to see. We jumped right into worship and you could feel that the atmosphere was electric. Not to let the children down we joined them again and kicked up some dust with them. To be honest I would have been let down if we didn't get to dance with them. I know I have said this before, but it is just so much fun being in the middle of all the children. This is where the Holy Spirit started to show up real strong tonight. Tony and I were behind the crowd of people with the children when it hit. At times it was so hard just to stand in the Glory that was falling here. It got so thick they had to help Tony and I back to the stage. When we finally got back up there they shifted the praise into deep worship. Harvey and I went over and gave Tony a hug and well, as for us, that's all she wrote. I guess you could say we got taken out in

the Spirit. Really all I know is when I came too, the three of us were in a pile on the stage. It was so thick I couldn't move nor did I want to. How Tony got up I don't know, but he knew he had to. As he looked out over the crowd the Glory of God began to fall. Several of the people in the crowd were getting hit and Tony called for those who were feeling a powerful touch from the Presence of the Holy Spirit on them to come up front. About twenty came and we went down to pray for them. Now this was fun. They were already to explode before we even got to them. Some just fell out on their own and others were fighting it. It was a fresh fire baptism for who ever wanted it. One of the ladies I just touched and she took off jumping and vibrating so hard. The Pastors weren't quite sure to make of all of this, but it was clearly God. He was in control tonight. I only wish I knew what this lady was praying and feeling during all of this. Our eyes were locked as I was praying for her and if her eyes could talk... The peace, joy, and love coming from her eyes, what God was doing was extremely Holy. Ok, I am trying, but there are just really no words to explain what I experienced at that moment. Again Holy, Holy, Holy.

We went into praying for the sick after that. We gave out some words of knowledge and again a huge line formed for prayer. The healing for me was just popping one after another tonight. Like last night most of the people had back pain and stomach pain. No matter they all were healed and walked away joyful. The night went super fast and I was sad to see it end, but on an awesome note the Pastors were all over again tonight. The only people we prayed for were the ones that came onto the stage and the rest the Pastors took care of. I even went out into the crowd to pray for the rest needing prayer, but that was short lived. The Pastors had it under control and the crowd was going to them for prayer not us. Thank you Jesus for what you have done here our job is done. Thanks again to everybody praying for us and our families. Blessings ☺

Harvey:

Tonight was an INCREDIBLE end to the crusade and a WOW night too! I do not have the words to describe what happened tonight, but I don't know how to spell

any of the words in my prayer language so I'm not even going to try. If anyone has the interpretation for this "qwertyuiopasdfghjklzxcvbnm", let me know. After I was finally able to get off the floor, Tony had started the message and was inviting the people to come up that could feel the Presence of the Holy Spirit touching them in a powerful way. I prayed for a half dozen or so and by then I think everyone had been prayed for and Tony was giving words of knowledge so I grabbed a camera and shot video the rest of the evening. There was a steady stream of people coming up to give testimony of what God had done for them for what seemed like ten minutes when I looked around and everyone had been prayed for. I don't know how long it took to pray for everyone but it was not long. How do hundreds of people get prayer and healed in a matter of minutes? Only in THE GLORY! Thank you, thank you to all of the prayer warriors!!!

Brian:

Tonight was the last night of the crusade; the worship was at a high level, as the African people are great worshippers.

At the end of worship time words were given and the people began coming up, as we began working on various pains at first. At least that was the plan, but others with more serious problems were mixed in with rest. The Liberian pastors did almost all the praying. It is fun to be able to work together as a team and to pray together, sometimes, when a problem doesn't move right away. Then it goes. We are so blessed! It is so awesome to be used by the Lord at any level. Most believers think that we are probably a special super anointed man or woman of God, which is not true. Any believer can do what we do. On the last trip to Honduras a girl on her first mission trip had two deaf mutes, brother and sister receive their hearing. You should have seen the happy mother, so the point is that the Holy Spirit can and will use any believer.

We are off this weekend and have five days of outreach to outlying villages starting on Mon. the 16th for five days, and then fly out of Liberia Sun. night the 22nd late in the evening for an all night flight to Brussels.
