Ministry to Sierra Leone, Africa; Town of Kabala
Different Church Services

Tony:

I was elected to go to the DOOR Church of Kabala this morning. The rain was really bad so many people will not go out in that kind of weather. There was only about 15 people there when normally there are a few hundred. The instrumentation was a couple of young boys on bongos. It is just amazing at how God honors their offerings.

They didn't want me to stop sharing, but I knew we needed to get into some ministry. I gave some dream interpretations, then they all had dreams they wanted interpreted and didn't want me to stop. "just one more, please, just one more!" they kept saying. We moved to ministering to their physical conditions. All the healing came thru the hands of other church people. They were so excited to see how God used them. One old lady said that if she walks more than a couple of minutes, the pain is so bad she has to stop and walk no more. They prayed, we told the lady to go for a walk. I forgot that she had left until the end of the service she came back in with a huge smile on her face. She said, "I am healed, praise God!"

Casey:

With very little sleep and an egg in my belly chased with a hot cup of joe we were off and running again. We all were going to different churches to preach this morning. The church that I was chosen to go to was the chairman's church. The rain was falling pretty heavily so not very many came to church this morning. It looked like a youth group setting as there were only five adults in the building. That was ok with me as I shared on how God will use the youth and even taught from the story of David and Goliath. The youth really loved it and got excited when they found out that God wants to use them even at a young age. So it went real good. No one needed prayer so I guess that's I have. On the way out of the building however that very same young man that was crippled was in the back row. He was just smiling and said "I WALKID TO CHURCH TODAY"

Louis:

Wow not knowing what is going to happen today was fun. I got sent to a church all by myself it was ok. Not very many people came because of the rain. That was ok because I did not have much to say, but God was using me and that's all that mattered to me. That is all for now love you all.
